Journal of the American Osteopathic Association
Index to Volume 83

This index is divided into an AUTHOR INDEX and a SUBJECT INDEX. Monthly page numbers are continuous through each issue; they appear in the text in lightface. Items indexed from the reader sections are identified by volume page numbers which are continued from month to month; they appear in the text in boldface. Inclusive pagination for reader pages by month is as follows:

Pages	Month	Year
1-99	September	1983
100-186	October	1983
187-265	November	1983
266-329	December	1983
330-382	January	1984
383-455	February	1984
456-536	March	1984
537-615	April	1984
616-690	May	1984
691-756	June	1984
757-823	July	1984
824-902	August	1984

Included in the AUTHOR INDEX are entries arranged in alphabetical order for authors of original and special articles, and research abstracts. Also included are listings for authors of signed editorials, book reviews, letters, clinical notes, and case reports.

The SUBJECT INDEX includes entries for all original and special articles, editorials, clinical notes, letter section, case reports, and research abstracts.

Editorial titles are listed alphabetically by title under the heading EDITORIALS.

MEDI-NOTES includes entries by month, with subjects and pagination.

Entries for book reviews and book notices (identified by "R" and "N") follow all other entries under the letter "B."

Author Index

Included in the author index are entries arranged in alphabetical order for authors of original articles identified by an asterisk (*). Articles in clinical notes are identified by the letters "CN," letters by the letter "L," special articles by the letters "SA," case reports by the letters "CR," and research abstracts by the letter "RES." Also included are listing for authors of signed editorials, identified by the letter "E," and book reviews "BR."

Subject Index

This index includes subject entries for all original articles identified by an asterisk (*), editorials identified by the letter "E," clinical notes by the letters "CN," letters by the letter "L," research abstracts by the letters "RES," case reports by the letters "CR," and special articles by the letters "SA."

Editorials are also listed alphabetically by title under the headings EDITORIALS.

Entries for the contents of medi-notes are listed under MEDI-NOTES, then by month and page.

Entries for book reviews and book notices (identified by "R" and "N") follow all other entries under the letter "B."

A

ABDOMEN
dilated urinary bladders simulating abdominal masses; diagnosis with ultrasound [Edell and Evers], 21*
ABSCESS
intra-abdominal, ultrasonically guided percutaneous aspiration and drainage of intra-abdominal abscesses [Dintenfass], 34*
liver, Salmonella liver abscess; report of a case with successful computerized tomography guided percutaneous drainage and treatment [Petersen], 496*
spinal epidural, caused by Streptococcus MG intermedius with complicating leptomeningitis; report of a case [Pawlak, Learner, Kurtz, and Blackburn], 589*
ACEPERONE
study of antihypertensive action of drugs using an automatic apparatus for indirect measurement of blood pressure in several animals simultaneously [Yaden, Palmer, Elko, and Lal], 176-RES
ACID
beclobrinic, evidence that beclobrinic acid, a new hypolipidemic agent, inhibits human platelet function [Romstedt, Gabis, and Huzoor-Akbar], 179-RES
trans fatty, alteration of heart sarcolemma lipids by dietary elaidic acid [Awad and Chattopadhyay], 76-RES
ADENOCARCINOMA
adenocarcinoma of the cecum in association with Crohn's disease; report of a case [Moses, Hurwitz, Levin, and Ganelli], 786*
ADMISSIONS
correlations between preadmission data and previous grades with grades in three years of osteopathic medical school [Mahoney], 90-RES
ADVERTISING
medical, the role of medical advertising, 555-E
medical, what's new?, 776-E
AGING
regulation by estrogen of plasma levels of beta-endorphin in young and old female rats [Forman, Sonntag, Hylka, and Meites], 171-RES
retinal, in pigmented and albino mice [Trachimowicz], 96-RES
AGROPYRON REPENS
interaction of a phytotoxin from quackgrass (Agropyron repens) with gram-negative bacteria [Paroda], 169-RES
ALCOHOL
long-term behavioral and biochemical effects of prenatal alcohol exposure [Richardson and Coon], 176-RES
abuse, crises introduction in a population of street alcoholics as a mechanism to pro-

mote detoxification and rehabilitation [Bentley and Seddon], 88-RES
ALDEHYDE DEHYDROGENASE
effect of tolbutamide and disulfiram on canine liver cytosolic aldehyde dehydrogenase activity [Kilmore and Sanny], 178-RES
AMBULATORY CARE
ambulatory care medical education; a review [Hart and Kurtz], 745-SA
AMERICAN ACADEMY OF OSTEOPATHY
Thomas L. Northup Lecture—1983 American Academy of Osteopathy; AAO-yesterday, today and tomorrow [Goodridge], 593*
AMERICAN DENTAL ASSOCIATION
"a cut above," 475-E
AMERICAN MEDICAL ASSOCIATION
machine medicine, 474-E
AMERICAN OSTEOPATHIC ASSOCIATION
distinctive licensure (on 50th Anniversary of National Board of Osteopathic Physicians and Surgeons), 709-E
growth (of profession as evidenced by number of physicians listed in AOA directory), 345-E
high tech/high touch (theme of National Osteopathic Medicine Week), 709-E
its time has come (reflections on Andrew Taylor Still memorial lecture), 344-E
proposed amendments to the bylaws of the American Osteopathic Association, 641-E
renaissance and resurgence, 16-E
"synonymous with service"—a message for the future (on address of Dr. Feinstein at end of presidential year), 114-E
the high cost of education (need to support osteopathic education through osteopathic seal program), 396-E
what is science? (its definition and how it applies to osteopathic research), 280-E
AMINOGLYCOSIDES
clinical pharmacy impact on an aminoglycoside utilization review program [Kuehl, Blais, Zakhireh, and Palmer], 175-RES
AMIODARONE
anesthetic considerations with amiodarone; report of a case [Meulendyk], 585*
AMNIOTIC FLUID
phosphorus-31 nuclear magnetic resonance (NMR) analysis of human amniotic fluid [Pope, Greiner, Kopp, Bonnano, Feliksik, and Glonek], 80-RES
AMPUTATION
transcutaneous oxygen measurement as a noninvasive indicator level of tissue healing in patients with peripheral vascular disease and projected amputations [Benscoter, Gerber, and Friedberg], 560*
ANDREW TAYLOR STILL MEMORIAL LECTURE
Andrew Taylor Still memorial lecture; the osteopathic difference—is it only manipulation? [Siehl], 348*
its time has come (reflections on Andrew Taylor Still memorial lecture), 344-E
ANEMIA
pernicious, a review, an update, and an illustrative case [Maxfield and Boyd], 133*
ANESTHESIA
anesthetic considerations with amiodarone; report of a case [Meulendyk], 585*
inhibition of NaK-ATPase by local anesthetics [Hudgins and Bond], 81-RES
ANEURYSM
abdominal, ruptured, spontaneous iliac artery-inferior vena caval fistula; rare complication of ruptured abdominal aneurysm [Meyer and Allen], 52*
isolated, of the common iliac artery with rupture; report of a case [Caralis], 149*
ANGINA
variant, diagnosis and management of variant angina [Elbaum, Wolfson, Braunstein, Haspel, Smith, Litchfield, Siegel, and Sallen], 419*
ANGIOGRAPHY
identification of myocardial infarction in the presence of left bundle-branch block; correlation of electrocardiography, vectorcardiography, and angiography [Weiner, Makam, and Gooch], 119*
ANGIOPLASTY
transluminal, percutaneous transluminal angioplasty for total common iliac occlusion [Wolfson, Haspel, Smith, Siegel, Litchfield, and Walsh], 168-RES
ANGLIOGLIOMA
intracranial ganglioglioma; report of a case [Kanoff], 146*
ANOREXIA
effect of alternate day administration of cocaine on tolerance to cocaine anorexia [Emmett-Oglesby, Spencer, Lal, and Mathis], 177-RES
ANTIBIOTICS
antibiotic overuse predisposes Serratia marscesens in respiratory tract of critical care unit patients in a community nonteaching hospital [Quraishi, Blais, and Zakhireh], 89-RES
clinical pharmacy impact on an aminoglycoside utilization review program [Kuehl, Blais, Zakhireh, and Palmer], 175-RES
increased incidence and selective resistance in Pseudomonas aeruginosa associated with antibiotic use at a community teaching hospital [Quraishi, Blais, and Zakhireh], 86-RES
ANTIHISTAMINE
skin edema due to PUVA in the hairless mouse; effects of antihistamines and indomethacin [Cleaver and Gange], 66-RES
ANXIETY
evidence for behavioral signs analogous to anxiety caused by withdrawal from diazepam in the rat [Emmett-Oglesby, Lal, Spencer, and Elmesallamy], 177-RES
ARRHYTHMIA
artificial, initial experience with a "physiologic" pacing system [Siegel and Wolfson], 167-RES
ARTERIOSCLEROSIS OBLITERANS
percutaneous transluminal angioplasty for total common iliac occlusion [Wolfson, Haspel, Smith, Siegel, Litchfield, and Walsh], 168-RES
ARTERY
anterior tibial, immediate postoperative thrombosis of the umbilical vein treated by low-dose streptokinase infusion; report of a case [Kingsbury], 312*
common iliac, isolated aneurysm of the common iliac artery with rupture; report of a case [Caralis], 149*
coronary, disease, diagnosis and management of variant angina [Elbaum, Wolfson, Braunstein, Haspel, Smith, Litchfield, Siegel, and Sallen], 419*
coronary, the evolution of thrombolytic therapy in acute myocardial infarction; a review [Hastings, Pickering, and Stoever], 405*
dorsalis pedis, limb salvage and the dorsalis pedis artery; report of a case [Bates], 143*
mesentery, the problem of acute mesenteric arterial occlusion; report of a case [Christian, Harris, and Segal], 367*
ARTHRITIS
effect of bee venom pretreatment on adjuvant-induced arthritis in the rat [Schutte and Modrzakowski], 168-RES
ARTHRITIS SYNDROME
See Lyme Disease
ARTHROPLASTY
total hip arthroplasty; ten years' experience in an osteopathic hospital [Luettjohann, Olson, Ross, and Smith], 480*
ARTIFICIAL INSEMINATION
reproductive capacity of the obese female Zucker rat; the decidual response and artificial insemination [Chelico and Edmonds], 84-RES
ASCARIS SUUM
Fc and C3b receptor changes on mouse peritoneal leukocytes following stimulation with an extract of Ascaris suum [Laubach], 169-RES
ASPIRIN
aspirin prevents the arachidonate-induced ischemic neuropathy in rats; an electromyographic and elctrophysiologic study [Richardson], 179-RES
ASTHMA
development of a study to determine the effect of osteopathic manipulative procedures in the treatment of acute asthma [Silvagni], 67-RES
ATP
the effects of ATP and exogenous RNA on messenger RNA transport from isolated nuclei [Yannarell], 80-RES

B

BACTERIA
gram-negative, interaction of a phytotoxin from quackgrass (Agropyron repens) with gram-negative bacteria [Paroda], 169-RES
BETA-ADRENOCEPTORS
beta-adrenergic receptor activity of guinea pig tracheal smooth muscle in early postnatal life [Pandya], 178-RES
BETA-ENDORPHIN
regulation by estrogen of plasma levels of beta-endorphin in young and old female rats [Forman, Sonntag, Hylka, and Meites], 171-RES
BIBLIOGRAPHY
annotated bibliography on nephrology, hypertension, fluid and electrolyte disorders [Slick], 450*
BIOCHEMISTRY
morphologic and histochemical characteristics of the dog respiratory diaphragm [Ericson], 85-RES
BIOMECHANICS
Louisa Burns memorial lecture; biomechanics and osteopathic manipulative treatment [Soutas-Little], 63-RES
of the hindlimb in lemuroid primates; an analysis of muscle function [Wells, Fisk, Martin, and Glassman], 83-RES
BIOPSY
percutaneous endomyocardial biopsy [Walsh and Wolfson], 167-RES
renal, renal biopsy; a 9-year study at an osteopathic referral center [Flood and Slick], 285*
BLADDER
effects of calcium antagonists and calcium ionophore on the morphologic changes induced by the action of antidiuretic hormone on frog urinary bladders [Mia, Yorio, Tarapoom, and Carnes], 178-RES
urinary, dilated urinary bladders simulating abdominal masses; diagnosis with ultrasound [Edell and Evers], 21*
BLOOD
collection, serial arterialized blood sampling under working and resting conditions; a comparison of wrist-catheter and fingerstab methods [Ze Branek and Van Huss], 92-RES
coagulation, activation of single-chain Factor X in the rat [Willingham and Matschiner], 80-RES
flow, collateral, effects of renal hypertension on coronary and collateral vasculature and size of perfusion territories in the dog

[Scheel, Johnston, Ingram, and Gordey], 174-RES
flow, coronary, effects of renal hypertension on coronary and collateral vasculature and size of perfusion territories in the dog [Scheel, Johnston, Ingram, and Gordey], 174-RES
flow, effects of hypoxia on the neuronal control of pulmonary blood flow [D'Alonzo and Grant], 172-RES
BLOOD PRESSURE
arterial, arterial blood pressure control during hind and forelimb contraction [Beaty and Halley], 171-RES
BONE
charge distribution in a diaphysis of bone [Guzelsu], 74-RES
remodeling, due to different stimuli [Guzelsu], 74-RES
Trevor's disease of the carpal navicular bone; report of a case [Doyle and Downey], 793*
BOTULISM
infant; report of a case [Kushner and Klincewicz], 439*
BRAIN
avian, isolation of sialosylgalactosyldiacylglycerol from myelin of avian brain [Pieringer], 77-RES
BREAST
evaluation of hospital screening for breast and female genital tract cancer, [Theriault, Morgan, and McCaffrey], 780*
mammography and biopsy of nonpalpable breast lesions; a review of 71 lesions [Macksood], 432*
BRIQUET'S SYNDROME
the use of dexamethasone suppression test to diagnose Briquet's syndrome (somatization disorder); report of a case [Zimmerli and White], 502*
BRONCHODILATORS
a pilot study of osteopathic manipulative treatment, bronchodilators, and other therapy [Belcastro, Backes, and Chila], 672*
BRONCHIOLITIS
a pilot study of osteopathic manipulative treatment, bronchodilators, and other therapy [Belcastro, Backes, and Chila], 672*
BUNDLE-BRANCH BLOCK
left, identification of myocardial infarction in the presence of left bundle-branch block; correlation of electrocardiography, vectorcardiography, and angiography [Weiner, Makam, and Gooch], 119*
BYLAWS
proposed amendments to the bylaws of the American Osteopathic Association, 641-E

BOOKS

(All books listed in the Book Section are listed below, alphabetically, by authors under subject classifications. "R" indicates a review; "N" indicates a shorter book notice.)

Alcoholism and drug abuse

MacDonald, Donald Ian: Drugs, drinking and adolescents, 756-N
Milam, James R., and Ketcham, Katherine: Under the influence: A guide to the myths and realities of alcoholism, 328-N
Pratt, Arthur: How to help and understand the alcoholic or drug addict, 343-R
Rix, Keith J.B., and Rix, Elizabeth M. Lumsden: Alcohol problems: A guide for nurses and other health professionals, 98-N

Allergies

AlDoory, Yousef, and Domson, Joanne F., eds.: Mould allergy, 448-N
Lichtenstein, Lawrence M., and Fauci, Anthony S., eds.: Current therapy in allergy and immunology 1983-1984, 98-N
Speer, Frederic: Food allergy, 325-N
Speer, Frederic, et al.: Handbook of clinical allergy: A practical guide to patient management, 15-R

Anatomy

Beck, Ernest W.: Mosby's Atlas of functional human anatomy, 279-R
Cahill, Donald R., and Orland, Matthew J.: Atlas of human cross-sectional anatomy, 689-N
Pansky, Ben: Review of gross anatomy, 822-N
Wagner, Marvin, and Lawson, Thomas L.: Segmental anatomy: Applications to clinical medicine, 533-R
Woodburne, Russell T.: Essentials of human anatomy, 98-N

Anesthesiology

Atkinson, R.S., Rushman, G.B., and Lee, J. Alfred: A synopsis of anaesthesia: General anaesthesia, regional analgesia and intensive therapy, 703-R
Gallagher, T. James, ed.: Advances in anesthesia, 382-N
Miller, Ronald D., et al., eds.: 1983 Year Book of anesthesia,* 264-N
Patil, Vijayalakshmi U., Stehling, Linda C., and Zauder, Howard L.: Fiberoptic endoscopy in anesthesia, 382-N
Shane, Sylvan M.: Conscious sedation for ambulatory surgery, 689-N

Biochemistry

Frisell, Wilhelm R.: Human biochemistry, 262-R
McMurray, W.C.: Essentials of human metabolism: The relationship of biochemistry to human physiology and disease, 185-N

Cancer

Beahrs, Oliver H., and Myers, Max H., eds.: Manual for staging of cancer, 98-N
Carter, Stephen K., Glatstein, Eli, and Livingston, Robert B.: Principles of cancer treatment, 340-R
Clark, Randolph Lee, Cumley, Russell W., and Hickey, R.C., eds.: 1983 Year Book of cancer, 534-N
Harris, Jay R., Hellman, Samuel, and Silen, William: Conservative management of breast cancer: New surgical and radiotherapeutic techniques, 689-N
Henson, R.A., and Urich, H.: Cancer and the nervous system: The neurological manifestations of systemic malignant disease, 470-R
Javadpour, Nasser, ed.: Principles and management of urologic cancer, 328-N
Passwater, Richard A.: Cancer and its nutritional therapies, 535-N
Rieselbach, Richard E., and Garnick, Marc B., eds.: Cancer and the kidney, 13-R

Cardiovascular system

Chung, Edward K.A, ed.: Exercise electrocardiography: Practical approach, 448-N
Chung, Edward K.: Fundamentals of electrocardiography, 822-N
Chung, Edward K.: Office electrocardiography, 756-N
D'Cruz, Ivan A.: Echocardiographic diagnosis: Differential diagnosis of M-mode and two-dimensional echographic appearances, 328-N
Diethrich, Edward B., ed.: Noninvasive assessment of the cardiovascular system: Diagnostic principles and techniques, 112-R
Doroghazi, Robert M., and Slater, Eve Elizabeth: Aortic dissection, 264-N
Dreifus, Leonard S., ed.: Pacemaker therapy, 324-N
Foley, William T., and Kligfield, Paul D., eds.: Advances in the management of cardiovascular disease, 627-R
Fowler, Noble O., ed.: Noninvasive diagnostic methods in cardiology, 324-N
Fox, William, and Stein, Emanuel: Cardiac rhythm disturbances: A step-by-step approach, 467-R
Goldberg, Sheldon, ed.: Coronary artery spasm and thrombosis, 265-N
Goldman, Mervin J.: Principles of clinical electrocardiography, 184-R
Green, Jerry Franklin: Fundamental cardiovascular and pulmonary physiology: An integrated approach for medicine, 708-R
Harvey, W. Proctor, et al., eds.: 1983 Year Book of cardiology,* 382-N
Hurst, J. Willis, ed.: Clinical essays on the heart: Volume I, 98-N
Hurst, J. Willis, et al., eds.: The heart: Arteries and veins, 378-R
Jones, John Vann, and Blackwood, Roger: An outline of cardiology, 447-N
Lipman, Bernard S., Dunn, Marvin, and Massie, Edward: Clinical electrocardiography, 755-N
Marcus, Melvin L.: The coronary circulation in health and disease, 324-N
Marriott, Henry J.L.: Practical electrocardiography, 99-N
Morse, Dryden, Steiner, Robert M., and Parsonnet, Victor: A guide to cardiac pacemakers, 328-N
Nasser, Fred N., and Giuliani, Emilio R.: Clinical two-dimensional echocardiography, 834-R
Perloff, Joseph K.: Physical examination of the heart and circulation, 706-R
Peters, J.L., ed.: A manual of central venous catheterization and parenteral nutrition, 186-N
Peterson, Lysle H., ed.: Cardiovascular rehabilitation: A comprehensive approach, 614-N
Randall, Walter C., ed.: Nervous control of cardiovascular function, 901-N
Rahimtoola, Shahbudin H., ed.: Controversies in coronary artery disease, 274-R
Silverman, Mark E., Myerburg, Robert J., and Hurst, J. Willis: Electrocardiography: Basic concepts and clinical application, 186-N
Stapleton, John F.: Essentials of clinical cardiology, 633-R
Vyden, John K., ed.: Postmyocardial infarction management and rehabilitation, 264-N
Watson, Hamish, ed.: Cardiology, 614-N
Yu, Paul N., and Goodwin, John F., eds.: Progress in cardiology 11, 833-R

Dermatology

Fitzpatrick, Thomas B., Polano, Machiel K., and Surmond, Dick: Color atlas and synopsis of clinical dermatology, 186-N
Frost, Phillip, and Horwitz, Steven N., eds.: Principles of cosmetics for the dermatologist, 547-R
Lever, Walter F., and Schaumburg-Lever, Gundula: Histopathology of the skin, 473-R
Mackie, Rona M.: Clinical dermatology: An illustrated textbook, 533-R
Rosen, Theodore, and Martin, Sandy: Atlas of black dermatology, 183-R
Sober, Arthur J., and Fitzpatrick, Thomas B., eds.: 1983 Year Book of dermatology,* 832-R
Soter, Nicholas A., and Baden, Howard P.: Pathophysiology of dermatologic diseases, 900-N
Verbov, Julian, and Morley, Neil: Color atlas of pediatric dermatology, 533-R

Diagnosis and therapeutics

Adler, Stephen N., Lam, Mildred, and Con-

nors, Alfred F., Jr.: A pocket manual of differential diagnosis, 259-R

Clark, T.H., ed.: Steroids in asthma: A reappraisal in the light of inhalation therapy, 264-N

Eastham, R.D.: A laboratory guide to clinical diagnosis, 382-N

Greenberger, Norton J., Davis, Alexander, and Dreiling, Roger: The medical book lists: A primer of differential diagnosis in internal medicine, 449-N

Inglis, Brian, and West, Ruth: The alternative health guide: The first comprehensive and fully illustrated guide to the principles and practices of 70 alternative therapies, 328-N

Kempczinski, Richard F., and Yao, James S.T.: Practical noninvasive vascular diagnosis, 261-R

Kimura, Jun: Electrodiagnosis in diseases of nerve and muscle: Principles and practice, 98-N

Krupp, Marcus A., and Chatton, Milton J., eds.: Current medical diagnosis & treatment 1984, 447-N

Lynch, Malcolm A., Brightman, Vernon J., and Greenberg, Martin S., eds.: Burket's Oral medicine: Diagnosis and treatment, 820-N

Prout, Brian J., and Cooper, John G.: An outline of clinical diagnosis, 831-R

Stillwell, G. Keith, ed.: Therapeutic electricity and ultraviolet radiation, 327-N

Toker, Cyril: Tumors: An atlas of differential diagnosis, 324-N

Education

Harris, Sherry S., ed.: 1983-84 Accredited institutions of postsecondary education: Programs candidates, 755-N

Emergency medicine

Auerbach, Paul S., and Geehr, Edward C.: Management of wilderness and environmental emergencies, 328-N

Keats, Theodore, E.: Emergency radiology, 382-N

Mills, John, Ho, Mary T., and Trunkey, Donald D.: Current emergency diagnosis & treatment, 819-R

Rogers, Mark C., et al., eds.: 1984 Year Book of critical care medicine, 901-N

Rosen, Peter, et al., eds.: Emergency medicine: Concepts and clinical practice, 831-R

Simon, Robert R., and Brenner, Barry E.: Procedures and techniques in emergency medicine, 206-R

Wagner, David K., ed.: 1984 Year Book of emergency medicine,® 754-N

Walt, Alexander J., ed.: Early care of the injured patient, 468-R

Warner, Carmen Germaine, ed.: Emergency care: Assessment and intervention, 473-R

Wilkins, Earle W., Jr., et al., eds.: MGH Textbook of emergency medicine, 768-R

Endocrinology

Bacchus, Habeeb: Metabolic and endocrine emergencies: Recognition and management, 822-N

Bennion, Lynn J.: Hypoglycemia: Fact or fad? 535-N

Brodoff, Bernard N., and Bleicher, Sheldon J., eds.: Diabetes mellitus and obesity, 532-R

Dunn, Michael J.: Renal endocrinology, 328-N

Fuchs, Fritz, and Klopper, Arnold, eds.: Endocrinology of pregnancy, 324-N

Givens, James R., ed.: The hypothalamus, 755-N

Greenspan, Francis S., and Forsham, Peter H., eds.: Basic & clinical endocrinology, 325-N

Hart, I.R., and Newton, R.W., eds.: Endocrinology, 614-N

Hershman, Jerome M.: Endocrine pathophysiology: A patient-oriented approach, 200-R

Kannan, C.R.: Clinician's approach to endocrine problems: 45 Case studies, 265-N

Mahesh, Virendra B., and Greenblatt, Robert B., eds.: Hirsutism and virilism: Pathogenesis diagnosis and management, 326-N

O'Riordan, J.L.H., Malan, P.G., and Gould, R.P., eds.: Essentials of endrocrinology, 209-R

Philpott, William H., and Kalita, Dwight K.: Victory over diabetes: A bio-ecologic triumph, 99-N

Schwartz, Theodore B., and Ryan, Will G., eds.: 1983 Year Book of endocrinology, 326-N

Gastroenterology

Alexander-Williams, John, and Irving, Miles: Intestinal fistulas, 202-R

Christensen, James, and Wingate, David L., eds.: A guide to gastrointestinal motility, 447-N

Jewell, D.P., and Shepherd, H.A., eds.: Topics in gastroenterology: Volume 11, 755-N

Powell, Lawrie W., and Piper, Douglas W.: Fundamentals of gastroenterology with self assessment work book, 756-N

Spiro, Howard M.: Clinical gastroenterology, 467-R

General medicine

Barker, L. Randol, Burton, John R., and Zieve, Philip D., eds.: Principles of ambulatory medicine, 202-R

Branch, William T., Jr.: Office practice of medicine, 11-R

Brena, Steven F., and Chapman, Stanley L., eds.: Management of patients with chronic pain, 901-N

Creger, William P., Coggins, Cecil H., and Hancock, E. William, eds.: Annual review of medicine: Selected topics in the clinical sciences, 633-R

Eastham, R.D.: A guide to water, electrolyte and acid-base metabolism and treatment of metabolic disorders, 834-R

Freeling, Paul: A workbook for trainees in general practice, 449-N

Gray, D.J. Pereira, ed.: The medical annual 1983: The yearbook of general practice, 448-N

—The medical annual 1984: The yearbook of general practice, 900-N

Hess, Joseph W., Liepman, Michael R., and Ruane, Thomas J., eds.: Family practice and preventive medicine: Health promotion in primary care, 535-N

Jayson, Malcolm I.V., and Million, Raymond, eds.: Locomotor disability in general practice, 324-N

Kincaid-Smith, Priscilla, Larkins, Richard, and Whelan, Gregory: Textbook of clinical medicine: An approach to patient's major problems, 328-N

Lloyd-Still, John D., ed.: Textbook of cystic fibrosis, 264-N

Rakel, Robert E., et al.: The Year Book of family practice—1983, 98-N

Reed, Anthony: Pocket examiner in general practice, 901-N

Reuben, David B., et al., eds.: Handbook of ambulatory medicine: A concise, logical approach, 535-N

Runyan, John W., Jr.: Problem-oriented primary care, 201-R

Suratt, Paul M., and Gibson, Robert S., eds.: Manual of medical procedures, 819-R

Taylor, Robert B., ed.: Family medicine: Principles and practice, 381-N

Wachtel, Thomas L., Kahn, Virginia, and Frank, Hugh A., eds.: Current topics in burn care, 265-N

Wagner, Mary M., ed.: Care of the burn-injured patient, 111-R

Walmsley, R.N., and Guering, M.D.: Disorders of fluid and electrolyte balance, 901-N

Warner, Carmen Germaine, and Braen, G. Richard, eds.: Management of the physically and emotionally abused: Emergency assessment, intervention and counseling, 687-R

Watts, H. David, ed.: Handbook of medical treatment, 832-R

Geriatrics

Coakley, Davis, ed.: Acute geriatric medicine, 200-R

Gavras, Haralambos, and Gavras, Irene: Hypertension in the elderly, 98-N

Hall, David A.: The biomedical basis of gerontology, 755-N

Ham, Richard J., et al.: Primary care geriatrics: A care-based learning program, 265-N

Kosberg, Jordan I., ed.: Abuse and maltreatment of the elderly: Causes and interventions, 186-N

Reichel, William, ed.: Clinical aspects of aging, 325-N

Sumner, Edward D.: Handbook of geriatric drug therapy for health care professionals, 448-N

Hematology

Brown, Barbara A.: Hematology: Principles and procedures, 822-N

Richards, John D.M., Linch, David C., and Goldstone, Anthony H.: A synopsis of haematology, 705-R

Roath, S., ed.: Topical reviews in haematology, 206-R

Spivak, Jerry L., ed.: Fundamentals of clinical hematology, 821-N

Thompson, Arthur R., and Harker, Laurence A.: Manual of hemostasis and thrombosis, 393-R

Williams, William J., et al., eds.: Hematology, 447-N

Histology

Borysenko, Myrin, and Beringer, Theodore: Functional histology, 755-N

Hospitals

Hyman, Harvey: Implementing institutional objectives: A guide for hospital planners, 448-N

Pena, Jesus J., et al., eds.: Hospital quality assurance, risk management, and program evaluation, 447-N

Immunology

Cohen, Sydney, and Warren, Kenneth S., eds.: Immunology of parasitic infections, 628-R

C

CACHEXIA
effect of experimental tumor-bearing upon plasma levels of some lipolytic hormones in the rat [Zepp], 79-RES
CALCIUM
antagonist, effects of calcium antagonists and calcium ionophore on the morphologic changes induced by the action of antidiuretic hormone on frog urinary bladders [Mia, Yorio, Tarapoom, and Carnes], 178-RES
effect of cystic fibrosis serum on human polymorphonuclear and mouse monocyte calcium uptake [Banschback and Kramer], 76-RES
interaction of calmodulin with Bordetella pertussis adenylate cyclase in a calcium-independent manner [Greenlee and Storm], 77-RES
CALCIUM CHANNEL BLOCKING AGENTS
hypertension; calcium-blocking agents in treatment [Ambrose], 353*
CALCIUM IONOPHORE
effects of calcium antagonists and calcium ionophore on the morphologic changes induced by the action of antidiuretic hormone on frog urinary bladders [Mia, Yorio, Tarapoom, and Carnes], 178-RES
CALMODULIN
chlorpromazine-modified calmodulin; a novel calmodulin antagonist [Prozialeck, Wallace, Weiss, and Harrison], 177-RES
interaction of calmodulin with Bordetella pertussis adenylate cyclase in a calcium-independent manner [Greenlee and Storm], 77-RES
CAMPYLOBACTER FETUS
routine cultures for Campylobacter fetus species [Biery], 694-L
CANCER
See Carcinoma
CANDIDA ALBICANS
effects of cell-wall active antifungal agents on cutaneous Candida albicans infections [Boyer, Zugay, and Holobinko], 171-RES
CAPSULES
advice on taking capsules [Eberly], 388-L
CARCINOMA
See also under tumor names
a ten-year retrospective study of cervical conization followed by hysterectomy for various grades of cervical intraepithelial neoplasia [Shaw, Osterholzer, and Evans], 294*
bilateral ovarian lymphoma; a pathology report [Gordon], 677*
colon, adjuvant portal venous infusion of patients with high-risk colon cancer using a totally implantable pump [Reed and Grage], 67-RES
evaluation of hospital screening for breast and female genital tract cancer, [Theriault, Morgan, and McCaffrey], 780*
intracranial ganglioglioma; report of a case [Kanoff], 146*
leiomyosarcoma of the rectum; report of a case [Gillon], 721*
osteogenic sarcoma of the breast arising in a cystosarcoma phyllodes [Sonn and Alpern], 321-CR
parathyroid, with massive parathyroid hormone production and severe mitral incompetence; report of a case with review of the literature [Menkes, Modglin, and Rosenblum], 852*
primary malignant melanoma of the small intestine; report of a case and discussion of the APUD cell concept [Tabaie, Citta, Gallo, Biondi, Meoli, and Silverman], 374-CR
responses of metastatic prostatic carcinoma to endocrine therapy; report of a case [Athens and Grimaldi], 307*

ultrasonographic features of primary carcinoma of the gallbladder; a diagnostic dilemma [Field, Plosker, Rohr, and Stratton], 42*
CARDIAC PACING
initial experience with a "physiologic" pacing system [Siegel and Wolfson], 167-RES
CARDIOPULMONARY RESUSCITATION
cardiopulmonary resuscitation (CPR) training at Chicago College of Osteopathic Medicine; long-term experience with a multi-level CPR program at an osteopathic institution [Smith, Haspel, and Wolfson], 168-RES
CARDIOPULMONARY SYSTEM
microcomputers in medicine; cardiorespiratory assessment [Jackson, Burchett, and Pritchard], 844*
CARDIOVASCULAR DISEASE
diagnosis and management of variant angina [Elbaum, Wolfson, Braunstein, Haspel, Smith, Litchfield, Siegel, and Sallen], 419*
eicosanoids and venous thromboembolism [Fitzpatrick, Giudice, Papa, and Freed], 301*
immediate postoperative thrombosis of the umbilical vein treated by low-dose streptokinase infusion; report of a case [Kingsbury], 312*
microcomputers in medicine; cardiorespiratory assessment [Jackson, Burchett, and Pritchard], 844*
percutaneous foreign body retrieval from the cardiovascular system [Litchfield, Hoff, Haspel, and Wolfson], 90-RES
the evolution of thrombolytic therapy in acute myocardial infarction; a review [Hastings, Pickering, and Stoever], 405*
CARTILAGE
destruction, role of plasminogen activator and plasmin in rheumatoid cartilage destruction [Mochan and Uhl], 81-RES
Trevor's disease of the carpal navicular bone; report of a case [Doyle and Downey], 793*
CATHETERIZATIONS
venous, central; a modification of the infraclavicular approach to the subclavian vein [Wehmann], 370*
CECUM
adenocarcinoma of the cecum in association with Crohn's disease; report of a case [Moses, Hurwitz, Levin, and Ganelli], 786*
CERVIX
a ten-year retrospective study of cervical conization followed by hysterectomy for various grades of cervical intraepithelial neoplasia [Shaw, Osterholzer, and Evans], 294*
CHILDREN
hydatid disease (echinococcosis) of the lung; report of a case in a community hospital [Thomas, Thomas, Thomas, Brittenum, and Rowe], 859*
sexual abuse of, clinical evaluation of suspected sexual abuse of children [Seifer and Huffman-Seifer], 667*
sexual abuse of, demog. aphic characteristics of incestuous families [Seifer and Huffman-Seifer], 663*
CHLORPROMAZINE
chlorpromazine-modified calmodulin; a novel calmodulin antagonist [Prozialeck, Wallace, Weiss, and Harrison], 177-RES
CHOLECYSTITIS
perforation of the gallbladder; report of a case and review of the literature [Slaubaugh], 733*
CHOLECYSTOGRAPHY
the use of calcium Oragrafin granules in repeat cholecystography, with supplemental ultrasonographic evaluation [Fiske and Stamper], 512*
CHOLELITHIASIS
situs inversus totalis with calculi in a left-sided gallbladder; report of a case [Haas, Harris, and Segal], 718*
CHROMATOGRAPHY
isoelectric ion-exchange chromatography; a new method to purify plasma proteins [Kline], 75-RES
CHRONIC OBSTRUCTIVE PULMONARY DISEASE
unexpected benefits of rebounder exercise for the chronic obstructive pulmonary disease patient [Hulce, Morlock, Yarnal, and Dotterer], 87-RES
CIGARETTES
what does it take? (on 20th anniversary of the U.S. Surgeon General's Report of Smoking), 474-E
CIMETIDINE
effects of cimetidine on accessory sex organ growth and serum hormone concentration in growing male rats [Zdunek, Mulloy, Malloy, Farnsworth, and Suarez], 176-RES
CLONIDINE
study of antihypertensive action of drugs using an automatic apparatus for indirect measurement of blood pressure in several animals simultaneously [Yaden, Palmer, Elko, and Lal], 176-RES
CLOSTRIDIUM BOTULINUM
infant botulism; report of a case [Kushner and Klincewicz], 439*
COAGULATION
activation of single-chain Factor X in the rat [Willingham and Matschiner], 80-RES
COCAINE
effect of alternate day administration of cocaine on tolerance to cocaine anorexia [Emmett-Oglesby, Spencer, Lal, and Mathis], 177-RES
hepatotoxicity, alteration of, in the mouse by SKF-525A or n-acetylcysteine pretreatment [Suarez and Bhonsle], 175-RES
COLLAGENOUS TISSUE
mechanical response of collagenous tissue to repeated elongation [Hubbard and Sacks], 73-RES
COLON
cancer, adjuvant portal venous infusion of patients with high-risk colon cancer using a totally implantable pump [Reed and Grage], 67-RES
COMPUTED TOMOGRAPHY
evaluation of benign disease of the male pelvis by computed tomography [Goff], 797*
radiographic evaluation of acoustic neuromas; comparison of high-resolution computed tomography and polytomography [Farrell], 24*
Salmonella liver abscess; report of a case with successful computerized tomography guided percutaneous drainage and treatment [Petersen], 496*
COMPUTERS
a TRS-80-based behavioral laboratory control system [Spencer, Emmett-Oglesby, and Arnoult], 175-RES
medical, microcomputers in medicine; cardiorespiratory assessment [Jackson, Burchett, and Pritchard], 844*
CONFUSIONAL STATES
acute confusional states in the geriatric population [Cavalieri], 801*
CONIZATION
cervical, a ten-year retrospective study of cervical conization followed by hysterectomy for various grades of cervical intraepithelial neoplasia [Shaw, Osterholzer, and Evans], 294*
CORTEX
visual, morphology and axonal termination of thalamic intralaminar nucleus (ILN) neurons which project to visual cortex in squirrel monkey [Towns, Tigges, Tigges, and Walker], 95-RES
COSTS
health care, cost or quality?, 396-E
health care, price fixing—current style (in diagnostic-related group), 280-E
CRANIOSACRAL MECHANISMS
the role of the proprioceptive component of the fifth nerve in temporomandibular joint syndrome [Retzlaff, Mitchell, Hussar, and Walsh], 74-RES
CRANIUM
calibration of a device for the measurement of the cranial rhythmic impulse [Cope and Dunlap], 69-RES
the cranium of an advanced mammal-like reptile and the evolution of skull structure [Allin], 83-RES
CRITICAL CARE
microcomputers in medicine; cardiorespiratory assessment [Jackson, Burchett, and Pritchard], 844*
CROHN'S DISEASE
adenocarcinoma of the cecum in association with Crohn's disease; report of a case [Moses, Hurwitz, Levin, and Ganelli], 786*
gastroduodenal Crohn's disease with radiographic, endoscopic, and histologic correlation [Goodman, Allen, Chase, and Liakos], 48*
CULDOCENTESIS
the role of culdocentesis in evaluating pelvic pain in women [Mansi], 576*
CURRICULUM
ambulatory care medical education; a review [Hart and Kurtz], 745-SA
medical historiography; its place in osteopathic medicine. part I. early background and significance in medical education [Reed and Perakis], 738-SA
medical historiography; its place in osteopathic medicine. part II. current status in osteopathic medical curricula and suggestions for consideration [Perakis and Reed], 740-SA
CYANIDE
cyanide poisoning [Birse], 811*
CYSTEINE SULFINATE
the decarboxylation of cysteine sulfinate in murine fetal liver [Lin and Laidlaw], 78-RES
CYSTIC FIBROSIS
serum, effect of cystic fibrosis serum on human polymorphonuclear and mouse monocyte calcium uptake [Banschback and Kramer], 76-RES
CYSTOSARCOMA PHYLLODES
osteogenic sarcoma of the breast arising in a cystosarcoma phyllodes [Sonn and Alpern], 321-CR
CYTOMEGALOVIRUS
congenital, congenital cytomegalovirus infection; review and report of a case [Lepley and Grogg], 730*

D

DEAMINATED ARGININE VASOPRESSIN
DDAVP modified water-deprivation test in diagnosis of diabetes insipidus in a vasopressin-sensitive patient [Warner, Trautlein, Caputo, and Manni], 857*
DEPENDENCE
evidence for behavioral signs analogous to anxiety caused by withdrawal from diazepam in the rat [Emmett-Oglesby, Lal, Spencer, and Elmesallamy], 177-RES
DEREGULATION
regulation vs., 840-E
DESMIN INTERMEDIATE FILAMENTS
analysis of C-terminal structure in gizzard desmin [Johnson and Williams], 75-RES
DETOXIFICATION
crises introduction in a population of street

alcoholics as a mechanism to promote detoxification and rehabilitation [Bentley and Seddon], 88-RES
DEXAMETHASONE SUPPRESSION TEST
some limitations in the general hospital setting [Baron, Shea, and White], 505*
the use of dexamethasone suppression test to diagnose Briquet's syndrome (somatization disorder); report of a case [Zimmerli and White], 502*
DIABETES
differential diagnosis of ptosis; report of a case of myasthenia gravis in a patient with diabetes and thyroid disease [Norman], 523-CR
insipidus, DDAVP modified water-deprivation test in diagnosis of diabetes insipidus in a vasopressin-sensitive patient [Warner, Trautlein, Caputo, and Manni], 857*
DIAGNOSTIC RELATED GROUPINGS
guest editorial; the private practice of radiology [Katz], 16-E
DIAPHRAGM
respiratory, morphologic and histochemical characteristics of the dog respiratory diaphragm [Ericson], 85-RES
DIAZEPAM
evidence for behavioral signs analogous to anxiety caused by withdrawal from diazepam in the rat [Emmett-Oglesby, Lal, Spencer, and Elmesallamy], 177-RES
DIETHYLSTILBESTROL
exposure in utero; review of literature [Glaze], 435*
DINITROPHENYLATION
conformational changes in gizzard smooth muscle myosin [Bailin], 79-RES
DISULFIRAM
effect of tolbutamide and disulfiram on canine liver cytosolic aldehyde dehydrogenase activity [Kilmore and Sanny], 178-RES
DRUGS
anesthetic considerations with amiodarone; report of a case [Meulendyk], 585*
hypertension; calcium-blocking agents in treatment [Ambrose], 353*
over-the-counter, and iatrogenically induced psychoses; a review of the literature [Havey], 412*
DYSPHAGIA
Plummer-Vinson syndrome; report of a case and review of the literature [Klifto, Allen, Metzman, Chase, and Kupersmit], 56*
DYSRHYTHMIA
role of age on patterns of exercise-induced cardiac dysrhythmia and recovery rate [Friedman], 172-RES

E

ECHINOCOCCOSIS
hydatid disease of the lung; report of a case in a community hospital [Thomas, Thomas, Thomas, Brittenum, and Rowe], 859*
ECHOCARDIOGRAPHY
clinically unrecognized tricuspid regurgitation detected by Doppler echocardiography [Braunstein, Wolfson, Reeder, Kowalewski, and Minor], 90-RES
quadravalvular insufficiency; an uncommon entity diagnosed by pulsed Doppler echocardiography [Braunstein, Wolfson, Feingold, Kowalewski, and Minor], 85-RES
ECHO-DOPPLER
pulsed, clinically unrecognized tricuspid regurgitation detected by Doppler echocardiography [Braunstein, Wolfson, Reeder, Kowalewski, and Minor], 90-RES
pulsed, quadravalvular insufficiency; an uncommon entity diagnosed by pulsed Doppler echocardiography [Braunstein, Wolfson, Feingold, Kowalewski, and Minor], 85-RES
EDITORIALS
"a cut above," 475
a medical tower of Babel (need for simplifying and refining osteopathic terminology), 344
a new feature? (annotated bibliography), 397
attitudes of medicine; I. an introduction, 555
attitudes of medicine; II. the "negative" report, 637
attitudes of medicine; III. caring, 710
attitudes of medicine; IV. caring in action, 775
attitudes of medicine; V. medical ethics, 841
cost or quality? 396
distinctive licensure (on 50th Anniversary of National Board of Osteopathic Physicians and Surgeons), 709
growth (of profession as evidenced by number of physicians listed in AOA directory), 345
guest editorial; the private practice of radiology, [Katz, Fred], 16
high tech/high touch (theme of National Osteopathic Medicine Week), 709
how does osteopathic manipulative treatment work? 840
in memoriam, 775
its time has come (reflections on Andrew Taylor Still memorial lecture), 344
machine medicine, 474
myofascial function and pain, 114-E
perspectives on the 1984 joint national committee report on high blood pressure, [Nickey, William A.], 636
positive leadership, 281
price fixing—current style (in diagnostic-related group), 280
regulation vs. deregulation, 840
renaissance and resurgence, 16
service beyond duty (on death of Dr. Thomas M. Rowland and Esther Bolles Starks, D.O.), 555
service beyond duty (on resignation of Barbara Peterson), 114-E
smoke signals (on philosophy of American Indians and how it relates to osteopathic medicine), 16
"synonymous with service"—a message for the future (on address of Dr. Feinstein at end of presidential year), 114-E
the high cost of education (need to support osteopathic education through osteopathic seal program), 396
the neutralization effect, 638
the role of medical advertising, 555
what does it take? (on 20th anniversary of the U.S. Surgeon General's Report of Smoking), 474
what is science? (its definition and how it applies to osteopathic research), 280
what's new, 776
EDUCATION
ambulatory care medical education; a review [Hart and Kurtz], 745-SA
medical, a student antacid-tasting experience [Theobald], 91-RES
medical, a student evaluation system that combines flexibility with accountability [Manley], 90-RES
medical, correlations between preadmission data and previous grades with grades in three years of osteopathic medical school [Mahoney], 90-RES
historiography; its place in osteopathic medicine. part I. early background and significance in medical education [Reed and Perakis], 738-SA
medical historiography; its place in osteopathic medicine. part II. current status in osteopathic medical curricula and suggestions for consideration [Perakis and Reed], 740-SA
osteopathic, the high cost of education (need to support osteopathic education through osteopathic seal program), 396-E
EFFUSION
pericardial, cardiac tamponade; hemodynamic effects of volume and vasodilation [Wolfson and Litchfield], 167-RES
EICOSANOIDS
and venous thromboembolism [Fitzpatrick, Giudice, Papa, and Freed], 301*
ELDERLY
acute confusional states in the geriatric population [Cavalieri], 801*
ELECTROCARDIOGRAPHY
identification of myocardial infarction in the presence of left bundle-branch block; correlation of electrocardiography, vectorcardiography, and angiography [Weiner, Makam, and Gooch], 119*
S-T segment variants in young, adult, black women [Kornberg], 125*
ELECTRON
transport, vitamin A and E supplementation in polychlorinated biphenyl intoxicated rats [Phillips, Barnes, and Pacheco], 76-RES
EMBRYO
chick, the extracellular matrix environment of developing sympathetic ganglia [Luckenbill-Edds], 93-RES
ENDOCOIDS
research on body's own medicine—endocoids; reduction of blood pressure in hypertensive rats by non-drug stimuli previously paired with an antihypertensive drug [Lal, Yaden, Spencer, and Emmett-Oglesby], 72-RES
ENDOCRINE
therapy, responses of metastatic prostatic carcinoma to endocrine therapy; report of a case [Athens and Grimaldi], 307*
ENZYMES
liver, vitamin A & E supplementation in polychlorinated biphenyl intoxicated rats [Phillips, Barnes, and Pacheco], 76-RES
EPIDEMIOLOGY
antibiotic overuse predisposes Serratia marscesens in respiratory tract of critical care unit patients in a community nonteaching hospital [Quraishi, Blais, and Zakhireh], 89-RES
increased incidence and selective resistance in Pseudomonas aeruginosa associated with antibiotic use at a community teaching hospital [Quraishi, Blais, and Zakhireh], 86-RES
EPIGLOTTIDITIS
acute epiglottiditis [Marino and Shank], 108-L
EPONYMS
eponym syndrome blindness; is there a cure? [Patriquin], 516-SA
ETHICS
medical, attitudes of medicine; V. medical ethics, 841-E
EVOLUTION
cranial, the cranium of an advanced mammal-like reptile and the evolution of skull structure [Allin], 83-RES
EXERCISE
effects of voluntary activity on the ultrastructure of the rat heart [Curry and Van Huss], 84-RES
gas exchange alteration during exercise in patients with pulmonary hypertension [D'Alonzo, Bower, Crevey, Popat, and Dantzker], 174-RES
recovery from exhaustive exercise; a comparison of responses from trained and untrained subject to working and resting recoveries [Ze Branek, Sprague, and Van Huss], 92-RES
the role of human performance testing in osteopathic general practice [Ze Branek,

Reuschlein, and Waite], 92-RES
the use of postexercise muscle soreness in the study of somatic dysfunction [Howell and Chila], 68-RES
unexpected benefits of rebounder exercise for the chronic obstructive pulmonary disease patient [Hulce, Morlock, Yarnal, and Dotterer], 87-RES
EXTENSION
mechanical response of collagenous tissue to repeated elongation [Hubbard and Sacks], 73-RES

F

FACTOR X
activation of single-chain Factor X in the rat [Willingham and Matschiner], 80-RES
FAMILY PHYSICIAN
positive leadership, 281-E
FELTY'S SYNDROME
Felty's syndrome; report of a case and review of the literature [McCaffrey, Theriault, and Sloka], 152*
FETUS
diethylstilbestrol exposure in utero; review of literature [Glaze], 435*
long-term behavioral and biochemical effects of prenatal alcohol exposure [Richardson and Coon], 176-RES
FIBROSIS
endomyocardial, percutaneous endomyocardial biopsy [Walsh and Wolfson], 167-RES
FIBULA
solitary osteochondroma of the fibula; report of case [Norman and Andrews], 806*
FINGERS
Kirner's deformity of the little finger; report of a case [Wong and Lotke], 866-CR
FISTULA
aortobronchial, causing hemoptysis in a patient with a Dacron aortic patch graft; report of a case [Otte and Seebass], 442-CR
gastrocolic, secondary to benign gastric ulcer; report of a case and review of the literature [Rosenthal and Metzman], 60-CR
spontaneous iliac artery-inferior vena caval fistula; rare complication of ruptured abdominal aneurysm [Meyer and Allen], 52*
FLUID AND ELECTROLYTE DISORDERS
annotated bibliography on nephrology, hypertension, fluid and electrolyte disorders [Slick], 450*
FOREIGN BODIES
retrieval, percutaneous foreign body retrieval from the cardiovascular system [Litchfield, Hoff, Haspel, and Wolfson], 90-RES

G

GALLBLADDER
perforation of the gallbladder; report of a case and review of the literature [Slaubaugh], 733*
situs inversus totalis with calculi in a left-sided gallbladder; report of a case [Haas, Harris, and Segal], 718*
the use of calcium Oragrafin granules in repeat cholecystography, with supplemental ultrasonographic evaluation [Fiske and Stamper], 512*
ultrasonographic features of primary carcinoma of the gallbladder; a diagnostic dilemma [Field, Plosker, Rohr, and Stratton], 42*
GAS EXCHANGE
after pulmonary thromboembolism in humans [D'Alonzo, Bower, and Dantzker], 173-RES
alteration during exercise in patients with pulmonary hypertension [D'Alonzo, Bower, Crevey, Popat, and Dantzker], 174-RES
GASTROINTESTINAL TRACT
gastroduodenal Crohn's disease with radiographic, endoscopic, and histologic correlation [Goodman, Allen, Chase, and Liakos], 48*
improvement of gastric mucosal detail in the double-contrast upper gastrointestinal examination utilizing low-dose glucagon [Stoecker and Foy], 660*
GENE
aberrant, the decarboxylation of cysteine sulfinate in murine fetal liver [Lin and Laidlaw], 78-RES
GERIATRICS
acute confusional states in the geriatric population [Cavalieri], 801*
GLOSSARY OF OSTEOPATHIC TERMINOLOGY
a medical tower of Babel (need for simplifying and refining osteopathic terminology), 344-E
GLUCAGON
improvement of gastric mucosal detail in the double-contrast upper gastrointestinal examination utilizing low-dose glucagon [Stoecker and Foy], 660*
GLYCOSAMINOGLYCANS
the extracellular matrix environment of developing sympathetic ganglia [Luckenbill-Edds], 93-RES
GRADES
correlations between preadmission data and previous grades with grades in three years of osteopathic medical school [Mahoney], 90-RES
GUANABENZ
study of antihypertensive action of drugs using an automatic apparatus for indirect measurement of blood pressure in several animals simultaneously [Yaden, Palmer, Elko, and Lal], 176-RES
GYNECOLOGY
acute pelvic inflammatory disease; follow-up in laparoscopically confirmed cases [Spirtos, Bernstine, and Cossler], 297*
a ten-year retrospective study of cervical conization followed by hysterectomy for various grades of cervical intraepithelial neoplasia [Shaw, Osterholzer, and Evans], 294*
laparoscopy in suspected pelvic inflammatory disease [Belsky], 582*
the role of culdocentesis in evaluating pelvic pain in women [Mansi], 576*

H

HAND
Kirner's deformity of the little finger; report of a case [Wong and Lotke], 866-CR
lipofibroma of the dorsum of the hand; report of a case [Nebergall, Pandeya, Stallings, Bergman, Abramsohn, and Sciorrotta], 430*
HEALTH CARE COSTS
regulation vs. deregulation, 840-E
HEALTH CARE DELIVERY
ambulatory care medical education; a review [Hart and Kurtz], 745-SA
cost or quality?, 396-E
price fixing—current style (in diagnostic-related group), 280-E
HEALTH HAZARD APPRAISAL
in a family practice residency program [Ekdahl, Smith, and Henley], 66-RES
HEARING
radiographic evaluation of acoustic neuromas; comparison of high-resolution computed tomography and polytomography [Farrell], 24*
HEART
effects of voluntary activity on the ultrastructure of the rat heart [Curry and Van Huss], 84-RES
rate, role of age on patterns of exercise-induced cardiac dysrhythmia and recovery rate [Friedman], 172-RES
HEART ATTACK
See Myocardial infarction
HEMOPHILIA
intracerebral hemorrhage in hemophilia [Hensley], 750-CR
HEMOPTYSIS
aortobronchial fistula causing hemoptysis in a patient with a Dacron aortic patch graft; report of a case [Otte and Seebass], 442-CR
HEMORRHAGE
intracerebral, in hemophilia [Hensley], 750-CR
intraventricular, in the premature infant [Johnson and Backes], 67-RES
HIGH BLOOD PRESSURE
See Hypertension
HINDLIMB
biomechanics of the hindlimb in lemuroid primates; an analysis of muscle function [Wells, Fisk, Martin, and Glassman], 83-RES
HIP
total hip arthroplasty; ten years' experience in an osteopathic hospital [Luettjohann, Olson, Ross, and Smith], 480*
HISTORIOGRAPHY
medical, its place in osteopathic medicine. part I. early background and significance in medical education [Reed and Perakis], 738-SA
medical, its place in osteopathic medicine. part II. current status in osteopathic medical curricula and suggestions for consideration [Perakis and Reed], 740-SA
HOLISTIC MEDICINE
positive leadership, 281-E
HORMONES
antidiuretic, effects of calcium antagonists and calcium ionophore on the morphologic changes induced by the action of antidiuretic hormone on frog urinary bladders [Mia, Yorio, Tarapoom, and Carnes], 178-RES
effect of experimental tumor-bearing upon plasma levels of some lipolytic hormones in the rat [Zepp], 79-RES
growth, comparison of in vivo and in vitro effects of growth hormone on soleus muscle response to insulin [Reagan], 179-RES
parathyroid, carcinoma with massive parathyroid hormone production and severe mitral incompetence; report of a case with review of the literature [Menkes, Modglin, and Rosenblum], 852*
serum, effects of cimetidine on accessory sex organ growth and serum hormone concentration in growing male rats [Zdunek, Mulloy, Malloy, Farnsworth, and Suarez], 176-RES
sex organ, growth, effects of cimetidine on accessory sex organ growth and serum hormone concentration in growing male rats [Zdunek, Mulloy, Malloy, Farnsworth, and Suarez], 176-RES
HOSPITALS
clinical pharmacy impact on an aminoglycoside utilization review program [Kuehl, Blais, Zakhireh, and Palmer], 175-RES
hyperbilirubinemia and phototherapy; a community hospital experience [Musci and Santucci], 714*
infection, antibiotic overuse predisposes Serratia marscesens in respiratory tract of critical care unit patients in a community non-teaching hospital [Quraishi, Blais, and Zakhireh], 89-RES
infections, effect of potassium permanganate ($KMnO_4$) and acetic acid (CH_3COOH) in controlling urinary tract infections in hos-

pitalized patients [Bundeally], 170-RES
infection, increased incidence and selective resistance in Pseudomonas aeruginosa associated with antibiotic use at a community teaching hospital [Quraishi, Blais, and Zakhireh], 86-RES
HYALURONIDASE
the use of hyaluronidase in acute myocardial infarction [Papa, Fitzgerald, Kauffman, Schiff, Daly, Hurwitz, Caruso, Lowney, and Corbally], 128*
HYDATID DISEASE
(echinococcosis) of the lung; report of a case in a community hospital [Thomas, Thomas, Thomas, Brittenum, and Rowe], 859*
HYDRALAZINE
study of antihypertensive action of drugs using an automatic apparatus for indirect measurement of blood pressure in several animals simultaneously [Yaden, Palmer, Elko, and Lal], 176-RES
HYPERALDOSTERONISM
primary, authors' reply [Trinkle and Clearfield], 542-L
primary, comments on primary hyperaldosteronism [Petersen], 542-L
primary, correction, 619-L
HYPERAMMONENEMIA
insulin binding to hepatic plasma membranes in hyperammonemic rats [Fausel, Malloy, and Mulloy], 174-RES
HYPERBILIRUBINEMIA
and phototherapy; a community hospital experience [Musci and Santucci], 714*
HYPERPARATHYROIDISM
parathyroid carcinoma with massive parathyroid hormone production and severe mitral incompetence; report of a case with review of the literature [Menkes, Modglin, and Rosenblum], 852*
HYPERTENSION
annotated bibliography on nephrology, hypertension, fluid and electrolyte disorders [Slick], 450*
calcium-blocking agents in treatment [Ambrose], 353*
hospital-based, community-oriented hypertension screening program [Sallen, Haspel, Bradshaw, and Wolfson], 168-RES
ouabain binding and Na^+ content of erythrocytes from obese women [Webster, Winkle, and Karrat], 77-RES
pulmonary, gas exchange alteration during exercise in patients with pulmonary hypertension [D'Alonzo, Bower, Crevey, Popat, and Dantzker], 174-RES
renal, effects of renal hypertension on coronary and collateral vasculature and size of perfusion territories in the dog [Scheel, Johnston, Ingram, and Gordey], 174-RES
1984 report of the Joint National Committee on Detection, Evaluation and Treatment of High Blood Pressure, 642*
perspectives on the 1984 Joint National Committee report on high blood pressure, 636-E
HYPOGLYCEMIC AGENTS
oral, effect of tolbutamide and disulfiram on canine liver cytosolic aldehyde dehydrogenase activity [Kilmore and Sanny], 178-RES
HYPOXIA
effects of hypoxia on the neuronal control of pulmonary blood flow [D'Alonzo and Grant], 172-RES
HYSTERECTOMY
a ten-year retrospective study of cervical conization followed by hysterectomy for various grades of cervical intraepithelial neoplasia [Shaw, Osterholzer, and Evans], 294*

I

ILEOSTOMY
development of an abdominal wall sphincter for the continent ileostomy [Bergman, Stallings, Murphy, Pandeya, and Doran], 400*
IMPLANTABLE PUMP
adjuvant portal venous infusion of patients with high-risk colon cancer using a totally implantable pump [Reed and Grage], 67-RES
IMPOTENCE
complete diagnostic evaluation and classification of the impotent male [Macksood and James], 158*
INCEST
clinical evaluation of suspected sexual abuse of children [Seifer and Huffman-Seifer], 667*
demographic characteristics of incestuous families [Seifer and Huffman-Seifer], 663*
INDOMETHACIN
skin edema due to PUVA in the hairless mouse; effects of antihistamines and indomethacin [Cleaver and Gange], 66-RES
INFANTS
infant botulism; report of a case [Kushner and Klincewicz], 439*
premature, intraventricular hemmorrage in the premature infant [Johnson and Backes], 67-RES
INFECTIONS
antibiotic overuse predisposes Serratia marscesens in respiratory tract of critical care unit patients in a community nonteaching hospital [Quraishi, Blais, and Zakhireh], 89-RES
congenital cytomegalovirus infection; review and report of a case [Lepley and Grogg], 730*
effects of cell-wall active antifungal agents on cutaneous Candida albicans infections [Boyer, Zugay, and Holobinko], 171-RES
increased incidence and selective resistance in Pseudomonas aeruginosa associated with antibiotic use at a community teaching hospital [Quraishi, Blais, and Zakhireh], 86-RES
productive, T and B lymphocyte susceptibility to murine leukemia virus-Moloney [Isaak], 169-RES
urinary tract, effect of potassium permanganate ($KMnO_4$) and acetic acid (CH_3COOH) in controlling urinary tract infections in hospitalized patients [Bundeally], 170-RES
urinary tract, study of urinary tract infections in geriatric patients from three nursing homes in the Greenbrier County of West Virginia [Bundeally], 170-RES
INFORMATION
medical, rapid delivery of medical information to remote hospital sites by telefacsimile [Pfaffenberger, Deagle, and Pfaffenberger], 604*
INSULIN
binding, to hepatic plasma membranes in hyperammonemic rats [Fausel, Malloy, and Mulloy], 174-RES
comparison of in vivo and in vitro effects of growth hormone on soleus muscle response to insulin [Reagan], 179-RES
INTESTINE
small, primary malignant melanoma of the small intestine; report of a case and discussion of the APUD cell concept [Tabaie, Citta, Gallo, Biondi, Meoli, and Silverman], 374-CR

J

JAVELIN
thrower, shoulder injuries in the javelin thrower [Sing], 680*
JOINT NATIONAL COMMITTEE ON DETECTION, EVALUATION AND TREATMENT OF HIGH BLOOD PRESSURE
1984 report of the Joint National Committee On Detection, Evaluation and Treatment of High Blood Pressure, 642*
perspectives on the 1984 Joint National Committee Report on High Blood Pressure [Nickey, William A.], 636-E
JOURNAL OF THE AMERICAN OSTEOPATHIC ASSOCIATION
a new feature? (annotated bibliography), 397-E
annotated bibliography on nephrology, hypertension, fluid and electrolyte disorders [Slick], 450*
what's new?, 776-E

K

KIDNEYS
occupational lead exposure, acute intoxication, and chronic nephropathy; report of a case and review of the literature [Lurakis and Pitone], 361*
renal biopsy; a 9-year study at an osteopathic referral center [Flood and Slick], 285*
KIRNER'S DEFORMITY
of the little finger; report of a case [Wong and Lotke], 866-CR

L

LAMINAR FLOW
clinically unrecognized tricuspid regurgitation detected by Doppler echocardiography [Braunstein, Wolfson, Reeder, Kowalewski, and Minor], 90-RES
LAPAROSCOPY
acute pelvic inflammatory disease; follow-up in laparoscopically confirmed cases [Spirtos, Bernstine, and Cossler], 297*
in suspected pelvic inflammatory disease [Belsky], 582*
LEAD
occupational lead exposure, acute intoxication, and chronic nephropathy; report of a case and review of the literature [Lurakis and Pitone], 361*
LEIOMYOBLASTOMA
of the stomach; report of a case and review of the literature [Klifto, Chase, Metzman, Kupersmit, and Allen], 30*
of the rectum; report of a case [Gillon], 721*
LENS
ocular, lipoproteins of aqueous humor; potential source of lens lipids [Cenedella], 78-RES
phosphorus-31 nuclear magnetic resonance of intact crystalline lens and muscle; spectral angular dependence of signal widths [Glonek, Kopp, Greiner, and Pettegrew], 76-RES
LEUKOCYTES
peritoneal, Fc and C3b receptor changes on mouse peritoneal leukocytes following stimulation with an extract of Ascaris suum [Laubach], 169-RES
LIBRARIES
medical, rapid delivery of medical information to remote hospital sites by telefacsimile [Pfaffenberger, Deagle, and Pfaffenberger], 604*
LICENSURE
osteopathic, distinctive licensure (on 50th Anniversary of National Board of Osteopathic Physicians and Surgeons), 709-E
LIMBS
limb salvage and the dorsalis pedis artery; report of a case [Bates], 143*
LIPIDS
lipoproteins of aqueous humor; potential source of lens lipids [Cenedella], 78-RES
LIPOFIBROMA

of the dorsum of the hand; report of a case [Nebergall, Pandeya, Stallings, Bergman, Abramsohn, and Sciorrotta], 430*
LIPOPROTEINS
lipoproteins of aqueous humor; potential source of lens lipids [Cenedella], 78-RES
LIVER
abscess, salmonella liver abscess; report of a case with successful computerized tomography guided percutaneous drainage and treatment [Petersen], 496*
LOUISA BURNS MEMORIAL LECTURE
Louisa Burns memorial lecture; biomechanics and osteopathic manipulative treatment [Soutas-Little], 63-RES
LUNG
disease, plasma prostaglandin E and F levels in patients with chronic lung disease [Banschbach and Hilman], 82-RES
hydatid disease (echinococcosis) of the lung; report of a case in a community hospital [Thomas, Thomas, Thomas, Brittenum, and Rowe], 859*
LYME DISEASE
prevention of the arthritis syndrome through early recognition and antibiotic therapy [Hayne], 601*
LYMPHOCYTES
phosphorylation of myosin from cardiac muscle, skeletal muscle, and thymus by multiple protein kinases [Masaracchia and Michnoff], 81-RES
T and B, T and B lymphocyte susceptibility to murine leukemia virus-Moloney [Isaak], 169-RES
LYMPHOMA
ovarian, bilateral ovarian lymphoma; a pathology report [Gordon], 677*
LYMPHOSARCOMA
phosphorylation of myosin from cardiac muscle, skeletal muscle, and thymus by multiple protein kinases [Masaracchia and Michnoff], 81-RES

M

MAMMARY GLAND
osteogenic sarcoma of the breast arising in a cystosarcoma phyllodes [Sonn and Alpern], 321-CR
MAMMOGRAPHY
mammography and biopsy of nonpalpable breast lesions; a review of 71 lesions [Macksood], 432*
MANIPULATION
See Osteopathic Manipulative Treatment
MATRIX
extracellular, the extracellular matrix environment of developing sympathetic ganglia [Luckenbill-Edds], 93-RES
MEDICAL COLLEGE ADMISSION TEST
correlations between preadmission data and previous grades with grades in three years of osteopathic medical school [Mahoney], 90-RES
MEDICAL PRACTICE
"a cut above," 475-E
attitudes of medicine; I. an introduction, 555-E
attitudes of medicine; II. the "negative" report, 637-E
attitudes of medicine; III. caring, 710-E
attitudes of medicine; IV. caring in action, 775-E
attitudes of medicine; V. medical ethics, 841-E
guest editorial; the private practice of radiology [Katz], 16-E
machine medicine, 474-E
price fixing—current style (in diagnostic-related group), 280-E
regulation vs. deregulation, 840-E
MEDI-NOTES
Sept. 1983, p. 7, update on hypertensive emergencies; manipulation for chronic neck pain; alcohol and mortality; urinary incontinence in the elderly; tricyclic antidepressant overdose; postpartum pleural effusion; osteoporosis (a nonhormonal treatment); nutritional status and lung function in patients with emphysema and chronic bronchitis; oral contraceptives and rheumatoid arthritis; neurologic aspects of thyroid dysfunction; strains and sprains in athletes; ingrowing toenails
Oct. 1983, p. 106, sensory neuropathy from pyridoxine abuse; renal tubular acidosis and the musculoskeletal system; disuse—the third dimension; cigarette smoking and carcinoma in situ of the uterine cervix; steroid-induced fractures in asthmatic patients; cervical degenerative arthritis as a cause of neck and arm pain; nutritional support of the critically ill patient
Nov. 1983, p. 193, osteomyelitis beneath pressure sores; compartment syndromes: their early recognition and treatment; corticosteroid therapy and peptic-ulcer disease; platelets and prostaglandins in coronary artery disease; alcoholism: need to join the scientific mainstream; nutrition and blood pressure control; hysterectomy in United States; chronic headaches in general practice; trace metals, aging, and immunity; commonly missed hematologic problems; single-dose amoxicillin therapy with follow-up urine culture; ultraviolet light in the treatment of superficial pressure sores; anabolic steroids in the treatment of osteoporosis
Dec. 1983, p. 272, irritable bowel syndrome; long-term oral contraceptive use and the risk of breast cancer; oral contraceptive use and the risk of ovarian cancer; oral contraceptive use and the risk of endometrial cancer; osteoporosis; late follow-up in jejunoileal bypass surgery for morbid obesity
Jan. 1984, p. 336, aspirin usage and perioperative blood loss; intravenous streptokinase and acute myocardial infarction; steroid myopathy; nutrition following gastric operations for morbid obesity; passive smoking and lung cancer; food intolerance and the irritable bowel syndrome; alcohol consumption and fetal development; moratorium on tonsillectomy
Feb. 1984, p. 389, long-term sequelae of acute venous thrombosis; hydroxychloroquine and rheumatoid arthritis; dialysis pericarditis (early drainage of pericardial effusion); hyperventilation syndromes; survival after in-hospital cardiopulmonary resuscitation; androgen excess in cystic acne; treatment of xerosis; a new malpractice threat (failure to heed a second opinion); continuing decline in the incidence of stroke
March 1984, p. 463, topical metronidazole therapy for pressure sores; migraine and food allergy; muscle pain; surgical excisions of primary cutaneous malignant melanoma; efficacy of ipecac and activated charcoal/cathartic; stress urinary incontinence; nutritional support of the hospitalized patient; acupuncture relief and increased plasma met-enkephalin concentrations; intestinal gas
April 1984, p. 553, premature ventricular contractions in the elderly; short-term corticosteroid therapy in outpatient treatment of acute bronchial asthma; chest pain in patients with normal coronary arteriograms; smoking, spasticity, and pressure sores in spinal cord injured patients; laser therapy for advanced carcinoma of the trachea and bronchus
May 1984, p. 620, alcoholism in physicians; zinc and senile osteoporosis; influenza; preoperative chest x-rays; electrical treatment and cancer pain; aspirin as an antithrombotic medication; sciatic nerve injury during gynecologic procedures; hypnosis and relaxation in the outpatient management of chronic low-back pain
June 1984, p. 698, the leaky gut of alcoholism; estrogen dosage and its relationship to postmenopausal bone loss; myocardial and cerebral infarction; nonsurgical treatment of complete tears of the medial collateral ligament of the knee; osteoporosis, fractures, and thiazides; ear lobe crease and coronary artery disease; urinary tract infections in elderly persons
July 1984, p. 762, activity after myocardial infarction; aging and the thyroid; thyroid disease in the elderly; acquired immunodeficiency syndrome and transfusions; conservative care of the lumbar spine in elderly persons; yogurt—an autodigesting source of lactose; exposure to diagnostic ultrasonography in utero; drug treatment of mild hypertension
August 1984, p. 829, neurobiologic mechanisms of pain and analgesia; osteoporosis; alcohol consumption and cancer; the estrogen controversy; chronic low back pain: predicting response to nonsurgical treatment; cimetidine for herpes zoster
MELANOMA
primary malignant melanoma of the small intestine; report of a case and discussion of the APUD cell concept [Tabaie, Citta, Gallo, Biondi, Meoli, and Silverman], 374-CR
MINOXIDIL
study of antihypertensive action of drugs using an automatic apparatus for indirect measurement of blood pressure in several animals simultaneously [Yaden, Palmer, Elko, and Lal], 176-RES
MITOCHONDRIA
vitamin A and E supplementation in polychlorinated biphenyl intoxicated rats [Phillips, Barnes, and Pacheco], 76-RES
MOTONEURONS
trophic effects of skeletal muscle fractions on neuronal development in vitro [Hsu and Natyzak-Osadca], 85-RES
MURINE LEUKEMIA VIRUS—MOLONEY
T and B lymphocyte susceptibility to murine leukemia virus-Moloney [Isaak], 169-RES
MUSCLE
biomechanical measurements of changes in cervical muscle function following osteopathic manipulative treatment [Johnston and Vorro], 68-RES
biomechanics of the hindlimb in lemuroid primates; an analysis of muscle function [Wells, Fisk, Martin, and Glassman], 83-RES
development of an abdominal wall sphincter for the continent ileostomy [Bergman, Stallings, Murphy, Pandeya, and Doran], 400*
disuse, regeneration of autografted skeletal muscle in femurectomized hindlimbs of rats [Mufti], 94-RES
maturation increases the number of motor neurons only for those muscles which change fiber type composition [Martin and Buskirk], 95-RES
morphologic and histochemical characteristics of the dog respiratory diaphragm [Ericson], 85-RES
phosphorus-31 nuclear magnetic resonance of intact crystalline lens and muscle; spectral angular dependence of signal widths [Glonek, Kopp, Greiner, and Pettegrew], 76-RES

regeneration, regeneration of autografted skeletal muscle in femurectomized hindlimbs of rats [Mufti], 94-RES
skeletal, arterial blood pressure control during hind and forelimb contraction [Beaty and Halley], 171-RES
skeletal, the reflex effects of extracellular potassium in rhythmically contracting skeletal muscle [Beaty and Halley], 173-RES
skeletal, trophic effects of skeletal muscle fractions on neuronal development in vitro [Hsu and Natyzak-Osadca], 85-RES
skeletal, T-tubular conduction; the weakest link in the chain of events in excitation-contraction coupling in skeletal muscle [Howell], 94-RES
smooth, analysis of C-terminal structure in gizzard desmin [Johnson and Williams], 75-RES
smooth, conformational changes in gizzard smooth muscle myosin [Bailin], 79-RES
soleus, comparison of in vivo and in vitro effects of growth hormone on soleus muscle response to insulin [Reagan], 179-RES
soreness, the use of postexercise muscle soreness in the study of somatic dysfunction [Howell and Chila], 68-RES
tracheal, beta-adrenergic receptor activity of guinea pig tracheal smooth muscle in early postnatal life [Pandya], 178-RES
transplantation, regeneration of autografted skeletal muscle in femurectomized hind limbs of rats [Mufti], 94-RES
MYASTHENIA GRAVIS
differential diagnosis of ptosis; report of a case of myasthenia gravis in a patient with diabetes and thyroid disease [Norman], 523-CR
MYERS-BRIGGS TYPE INDICATOR
personality characteristics of osteopathic physicians as interpreted from scores on the Myers-Briggs Type Indicator [Walton, Alpert, and Dr[illegible]ba], 73-RES
MYOCARDIAL INFARCTION
acute, the use of hyaluronidase in acute myocardial infarction [Papa, Fitzgerald, Kauffman, Schiff, Daly, Hurwitz, Caruso, Lowney, and Corbally], 128*
a somatic component of acute spontaneous myocardial infarction [Nicholas, Arbizo, DeBias, England, Ehrenfeuchter, Greene, Heilig, Kirschbaum, and England], 68-RES
identification of myocardial infarction in the presence of left bundle-branch block; correlation of electrocardiography, vectorcardiography, and angiography [Weiner, Makam, and Gooch], 119*
the evolution of thrombolytic therapy in acute myocardial infarction; a review [Hastings, Pickering, and Stoever], 405*
MYOCARDIUM
effects of voluntary activity on the ultrastructure of the rat heart [Curry and Van Huss], 84-RES
MYOCYTES
structural and metabolic characterization of isolated mammalian ventricular myocytes [Greene, DeBias, DeBias, DeFeo, and Young], 172-RES
MYOFASCIAL DISORDERS
myofascial function and pain, 114-E
MYOSIN
conformational changes in gizzard smooth muscle myosin [Bailin], 79-RES
light chains, phosphorylation of myosin from cardiac muscle, skeletal muscle, and thymus by multiple protein kinases [Masaracchia and Michnoff], 81-RES

N

NaK-ATPASE
inhibition of NaK-ATPase by local anesthetics [Hudgins and Bond], 81-RES
Na^+-K^+-ATPASE
ouabain binding and Na^+ content of erythrocytes from obese women [Webster, Winkle, and Karrat], 77-RES
NATIONAL BOARD OF EXAMINERS FOR OSTEOPATHIC PHYSICIANS AND SURGEONS
distinctive licensure (on 50th Anniversary of National Board of Osteopathic Physicians and Surgeons), 709-E
NATIONAL OSTEOPATHIC FOUNDATION
in memoriam, 775-E
NEONATE
congenital cytomegalovirus infection; review and report of a case [Lepley and Grogg], 730*
hyperbilirubinemia and phototherapy; a community hospital experience [Musci, and Santucci], 714*
rotavirus and the newborn [Marino], 619-L
simultaneous arterial oxygen and transcutaneous oxygen monitoring in critically ill neonates [Backes and Kovalchik], 89-RES
transcutaneous measurements of carbon dioxide partial pressure in sick newborns [Backes and Kovalchik], 86-RES
NEPHROLOGY
annotated bibliography on nephrology, hypertension, fluid and electrolyte disorders [Slick], 450*
renal biopsy; a 9-year study at an osteopathic referral center [Flood and Slick], 285*
NEPHROPATHY
occupational lead exposure, acute intoxication, and chronic nephropathy; report of a case and review of the literature [Lurakis and Pitone], 361*
NERVE
flexor, classical conditioning of a flexor nerve response to tibial nerve stimulation in spinal cats [Beggs, Steinmetz, and Patterson], 95-RES
maturation increases the number of motor neurons only for those muscles which change fiber type composition [Martin and Buskirk], 95-RES
peripheral, thermographic study of change of skin temperature following osteopathic manipulative treatment [Kappler], 68-RES
NERVOUS SYSTEM
intracranial ganglioglioma; report of a case [Kanoff], 146*
NEUROLOGY
spinal epidural abscess caused by Streptococcus MG intermedius with complicating leptomeningitis; report of case [Pawlak, Learner, Kurtz, and Blackburn], 589*
NEUROMAS
acoustic, radiographic evaluation of acoustic neuromas; comparison of high-resolution computed tomography and polytomography [Farrell], 24*
NEUROMUSCULAR SYSTEM
maturation increases the number of motor neurons only for those muscles which change fiber type composition [Martin and Buskirk], 95-RES
NEURONS
morphology and axonal termination of thalamic intralaminar nucleus (ILN) neurons which project to visual cortex in squirrel monkey [Towns, Tigges, Tigges, and Walker], 95-RES
sympathetic differentiation, the extracellular matrix environment of developing sympathetic ganglia [Luckenbill-Edds], 93-RES
NEUROPATHY
aspirin prevents the arachidonate-induced ischemic neuropathy in rats; an electromyographic and electrophysiologic study [Richardson], 179-RES
NEUROTOXIN
pyridine toxicity; report of a case [Vasile, Goldberg, and Kornberg], 790*
NIFEDIPINE
in the treatment of coronary artery spasm [Wolfson, Elbaum, Hoff, Haspel, Smith, Braunstein, Litchfield, Sallen, and Siegel], 167-RES
NUCLEAR MAGNETIC RESONANCE
phosphorus-31 nuclear magnetic resonance of intact crystalline lens and muscle; spectral angular dependence of signal widths [Glonek, Kopp, Greiner, and Pettegrew], 76-RES
phosphorus-31 nuclear magnetic resonance (NMR) analysis of human amniotic fluid [Pope, Greiner, Kopp, Bonnano, Feliksik, and Glonek], 80-RES
NUCLEUS
morphology and axonal termination of thalamic intralaminar nucleus (ILN) neurons which project to visual cortex in squirrel monkey [Towns, Tigges, Tigges, and Walker], 95-RES
the effects of ATP and exogenous RNA on messenger RNA transport from isolated nuclei [Yannarell], 80-RES
NUTRITION
support, techniques in nutritional assessment [Liszewski, Meoli, and Nutinsky], 493*

O

OBESITY
genetic, reproductive capacity of the obese female Zucker rat; the decidual response and artificial insemination [Chelich and Edmonds], 84-RES
ouabain binding and Na^+ content of erythrocytes from obese women [Webster, Winkle, and Karrat], 77-RES
OCCLUSION
arterial, the problem of acute mesenteric arterial occlusion; report of a case [Christian, Harris, and Segal], 367*
OPIOID
antagonists, the effect of naltrexone on phenylephrine-induced bradycardia [Wendel and Moore], 175-RES
ORAGRAFIN
calcium, the use of calcium Oragrafin granules in repeat cholecystography, with supplemental ultrasonographic evaluation [Fiske and Stamper], 512*
ORTHOPEDICS
Kirner's deformity of the little finger; report of a case [Wong and Lotke], 866-CR
total hip arthroplasty; ten years' experience in an osteopathic hospital [Luettjohann, Olson, Ross, and Smith], 480*
transcutaneous oxygen measurement as a noninvasive indicator of level of tissue healing in patients with peripheral vascular disease and projected amputations [Benscoter, Gerber, and Friedberg], 560*
OSTEOCHONDROMA
solitary osteochondroma of the fibula; report of case [Norman and Andrews], 806*
OSTEOMYELITIS
pyogenic, pyogenic osteomyelitis of the vertebral body [Sutton], 724*
OSTEOPATHIC MANIPULATIVE TREATMENT
See also Osteopathic medicine; Somatic dysfunction
Andrew Taylor Still memorial lecture; the osteopathic difference—is it only manipulation? [Siehl], 348*
biomechanical measurements of changes in cervical muscle function following osteopathic manipulative treatment [Johnston and Vorro], 68-RES

bronchiolitis; a pilot study of osteopathic manipulative treatment, bronchodilators, and other therapy [Belcastro, Backes, and Chila], 672*
development of a study to determine the effect of osteopathic manipulative procedures in the treatment of acute asthma [Silvagni], 67-RES
how does osteopathic manipulative treatment work? 840-E
Louisa Burns memorial lecture; biomechanics and osteopathic manipulative treatment [Soutas-Little], 63-RES
quantitation of segmentally related peripheral effects of manipulation on somatic dysfunction in vertebral areas [Heilig, Greene, and Arbizo], 69-RES
the effects of manipulation (designed to mimic OMT on small mammals [Mock and Hepler], 73-RES
thermographic study of change of skin temperature following osteopathic manipulative treatment [Kappler], 68-RES
OSTEOPATHIC MEDICINE
See also Osteopathic Manipulative Treatment; Somatic Dysfunction
a clinical research protocol for study of palpatory examination [Beal and Kelso], 69-RES
"a cut above," 475-E
Andrew Taylor Still Memorial Lecture; the osteopathic difference —is it only manipulation? [Siehl], 348*
a somatic component of acute spontaneous myocardial infarction [Nicholas, Arbizo, DeBias, England, Ehrenfeuchter, Greene, Heilig, Kirschbaum, and England], 68-RES
attitudes of medicine; I. an introduction, 555-E
attitudes of medicine; II. the "negative" report, 637-E
attitudes of medicine; III. caring, 710-E
biomechanical measurements of changes in cervical muscle function following osteopathic manipulative treatment [Johnston and Vorro], 68-RES
calibration of a device for the measurement of the cranial rhythmic impulse [Cope and Dunlap], 69-RES
continued development of an animal model for osteopathic research [Krogh], 93-RES
development of a study to determine the effect of osteopathic manipulative procedures in the treatment of acute asthma [Silvagni], 67-RES
growth (of profession as evidenced by number of physicians listed in AOA directory), 345-E
high tech/high touch (theme of National Osteopathic Medicine Week), 709-E
how does osteopathic manipulative treatment work? 840-E
its time has come (reflections on Andrew Taylor Still memorial lecture), 344-E
Louisa Burns memorial lecture; biomechanics and osteopathic manipulative treatment [Soutas-Little], 63-RES
myofascial function and pain, 114-E
osteopathic somatic dysfunction in sleep-deprived housestaff; an initial investigation [Levin], 66-RES
personality characteristics of osteopathic physicians as interpreted from scores on the Myers-Briggs Type Indicator [Walton, Alpert, and Draba], 73-RES
positive leadership, 281-E
quantitation of segmentally related peripheral effects of manipulation on somatic dysfunction in vertebral areas [Heilig, Greene, and Arbizo], 69-RES
renaissance and resurgence, 16-E
research on body's own medicine—endocoids; reduction of blood pressure in hypertensive rats by non-drug stimuli previously paired with an antihypertensive drug [Lal, Yaden, Spencer, and Emmett-Oglesby], 72-RES
service beyond duty (on death of Dr. Thomas M. Rowland and Esther Bolles Starks, D.O.), 555-E
smoke signals (on philosophy of American Indians and how it relates to osteopathic medicine), 16-E
"synonymous with service"—a message for the future (on address of Dr. Feinstein at end of presidential year), 114-E
the neutralization effect, 638-E
thermographic study of change of skin temperature following osteopathic manipulative treatment [Kappler], 68-RES
the role of human performance testing in osteopathic general practice [Ze Branek, Reuschlein, and Waite], 92-RES
the role of the proprioceptive component of the fifth nerve in temporomandibular joint syndrome [Retzlaff, Mitchell, Hussar, and Walsh], 74-RES
the use of postexercise muscle soreness in the study of somatic dysfunction [Howell and Chila], 68-RES
what is science? (its definition and how it applies to osteopathic research), 280-E
OUABAIN BINDING
ouabain binding and Na^+ content of erythrocytes from obese women [Webster, Winkle, and Karrat], 77-RES
OVARY
bilateral ovarian lymphoma; a pathology report [Gordon], 677*
sclerosing stromal tumor of the ovary; report of a case [Gordon and Slotnick], 163-CR
OXYGEN
debt, the prediction of total oxygen debt from timed passive and active recoveries following exhaustive work [Ze Branek, Sprague, and Van Huss], 92-RES

P

PAIN
pelvic, the role of culdocentesis in evaluating pelvic pain in women [Mansi], 576*
PALATABILITY
a student antacid-tasting experience [Theobald], 91-RES
PALPATION
a clinical research protocol for study of palpatory examination [Beal and Kelso], 69-RES
P-AMINOCLONIDINE
study of antihypertensive action of drugs using an automatic apparatus for indirect measurement of blood pressure in several animals simultaneously [Yaden, Palmer, Elko, and Lal], 176-RES
PANCREATITIS
chronic, the value of ultrasound in the diagnosis of chronic pancreatitis; a prospective analysis [Efrusy, Grant, and Mills], 87-RES
PARATHYROID HORMONE
parathyroid carcinoma with massive parathyroid hormone production and severe mitral incompetence; report of a case with review of the literature [Menkes, Modglin, and Rosenblum], 852*
PATCH
Dacron, aortobronchial fistula causing hemoptysis in a patient with a Dacron aortic patch graft; report of a case [Otte and Seebass], 442-CR
PATIENT
compliance, a student antacid-tasting experience [Theobald], 91-RES
PELVIC INFLAMMATORY DISEASE
acute pelvic inflammatory disease; follow-up in laparoscopically confirmed cases [Spirtos, Bernstine, and Cossler], 297*
laparoscopy in suspected pelvic inflammatory disease [Belsky], 582*
PELVIS
acute pelvic inflammatory disease; follow-up in laparoscopically confirmed cases [Spirtos, Bernstine, and Cossler], 297*
male, evaluation of benign disease of the male pelvis by computed tomography [Goff], 797*
PENTYLENETETRAZOL
evidence for behavioral signs analogous to anxiety caused by withdrawal from diazepam in the rat [Emmett-Oglesby, Lal, Spencer, and Elmesallamy], 177-RES
PERICARDIAL EFFUSION
cardiac tamponade; hemodynamic effects of volume and vasodilation [Wolfson and Litchfield], 167-RES
PETERSON, BARBARA
service beyond duty (on resignation of Barbara Peterson), 114-E
PHARMACY
clinical pharmacy impact on an aminoglycoside utilization review program [Kuehl, Blais, Zakhireh, and Palmer], 175-RES
PHOSPHORUS-31
phosphorus-31 nuclear magnetic resonance (NMR) analysis of human amniotic fluid [Pope, Greiner, Kopp, Bonnano, Feliksik, and Glonek], 80-RES
phosphorus-31 nuclear magnetic resonance of intact crystalline lens and muscle; spectral angular dependence of signal widths [Glonek, Kopp, Greiner, and Pettegrew], 76-RES
PHOSPHORYLATION
conformational changes in gizzard smooth muscle myosin [Bailin], 79-RES
protein, phosphorylation of myosin from cardiac muscle, skeletal muscle, and thymus by multiple protein kinases [Masaracchia and Michnoff], 81-RES
PHYSICAL EXAMINATION
a clinical research protocol for study of palpatory examination [Beal and Kelso], 69-RES
PHYSICIANS
attitudes of medicine: IV. caring in action, 775-E
osteopathic, personality characteristics of osteopathic physicians as interpreted from scores on the Myers-Briggs Type Indicator [Walton, Alpert, and Draba], 73-RES
PHYTOTOXIN
quackgrass, interaction of a phytotoxin from quackgrass (Agropyron repens) with gram-negative bacteria [Paroda], 169-RES
PLASMA
effect of experimental tumor-bearing upon plasma levels of some lipolytic hormones in the rat [Zepp], 79-RES
plasma prostaglandin E and F levels in patients with chronic lung disease [Banschbach and Hilman], 82-RES
proteins, isoelectric ion-exchange chromatography; a new method to purify plasma proteins [Kline], 75-RES
PLASMIN
role of plasminogen activator and plasmin in rheumatoid cartilage destruction [Mochan and Uhl], 81-RES
PLASMINOGEN
activator, role of plasminogen activator and plasmin in rheumatoid cartilage destruction [Mochan and Uhl], 81-RES
PLATELETS
evidence that beclobrinic acid, a new hypolipidemic agent, inhibits human platelet function [Romstedt, Gabis, and Huzoor-Akbar], 179-RES
PLASTICITY

transplantation of embryonic neural tissue into the hemisected spinal cord [Hallas], 97-RES
PLUMMER-VINSON SYNDROME
Plummer-Vinson syndrome; report of a case and review of the literature [Klifto, Allen, Metzman, Chase, and Kupersmit], 56*
POISONING
cyanide poisoning [Birse], 811*
POLYCHLORINATED BIPHENYL
vitamin A and E supplementation in polychlorinated biphenyl intoxicated rats [Phillips, Barnes, and Pacheco], 76-RES
POLYTOMOGRAPHY
radiographic evaluation of acoustic neuromas; comparison of high-resolution computed tomography and polytomography [Farrell], 24*
POTASSIUM
permanganate, effect of potassium permanganate ($KMnO_4$) and acetic acid (CH_3COOH) in controlling urinary tract infections in hospitalized patients [Bundeally], 170-RES
the reflex effects of extracellular potassium in rhythmically contracting skeletal muscle [Beaty and Halley], 173-RES
PRAZOSIN
study of antihypertensive action of drugs using an automatic apparatus for indirect measurement of blood pressure in several animals simultaneously [Yaden, Palmer, Elko, and Lal], 176-RES
PREDICTORS
correlations between preadmission data and previous grades with grades in three years of osteopathic medical school [Mahoney], 90-RES
PRESSURE
intravesical, response of ureteral activity to changes in intravesical pressure [Theobald], 178-RES
PREVENTIVE MEDICINE
health hazard appraisal in a family practice residency program [Ekdahl, Smith, and Henley], 66-RES
PRIMARY CARE PHYSICIANS
positive leadership, 281-E
PRODUCT NEWS and SERVICES BRIEFING
what's new?, 776-E
PROSTAGLANDIN
plasma prostaglandin E and F levels in patients with chronic lung disease [Banschbach and Hilman], 82-RES
Transport of TxB2, PGI_2, 6-keto $PGF_1\alpha$ and $PGF_2\alpha$ by tissues of the blood-ocular barrier [DiBenedetto], 173-RES
PROSTATE
responses of metastatic prostatic carcinoma to endocrine therapy; report of a case [Athens and Grimaldi], 307*
PROTEIN
phosphorylation, phosphorylation of myosin from cardiac muscle, skeletal muscle, and thymus by multiple protein kinases [Masaracchia and Michnoff], 81-RES
plasma, isoelectric ion-exchange chromatography; a new method to purify plasma proteins [Kline], 75-RES
PSYCHIATRY
over-the-counter and iatrogenically induced psychoses; a review of the literature [Havey], 412*
the dexamethasone suppression test; some limitations in the general hospital setting [Baron, Shea, and White], 505*
the use of dexamethasone suppression test to diagnose Briquet's syndrome (somatization disorder); report of a case [Zimmerli and White], 502*
PSYCHOPHARMACOLOGY
a TRS-80-based behavioral laboratory control system [Spencer, Emmett-Oglesby, and Arnoult], 175-RES
PSYCHOSES
over-the-counter and iatrogenically induced psychoses; a review of the literature [Havey], 412*
PTOSIS
differential diagnosis of ptosis; report of a case of myasthenia gravis in a patient with diabetes and thyroid disease [Norman], 523-CR
PURPLE URINE SYNDROME
purple urine syndrome [Bundeally], 169-RES
PYRIDOXINE
pyridoxine toxicity; report of a case [Vasile, Goldberg, and Kornberg], 790*

Q

QUADRAVALVULAR INSUFFICIENCY
an uncommon entity diagnosed by pulsed Doppler echocardiography [Braunstein, Wolfson, Feingold, Kowalewski, and Minor], 85-RES

R

RADIOLOGY
dilated urinary bladders simulating abdominal masses; diagnosis with ultrasound [Edell and Evers], 21*
gastrocolic fistula secondary to benign gastric ulcer; report of a case and review of the literature [Rosenthal and Metzman], 60-CR
gastroduodenal Crohn's disease with radiographic, endoscopic, and histologic correlation [Goodman, Allen, Chase, and Liakos], 48*
guest editorial; the private practice of radiology [Katz], 16-E
improvement of gastric mucosal detail in the double-contrast upper gastrointestinal examination utilizing low-dose glucagon [Stoecker and Foy], 660*
leiomyoblastoma of the stomach; report of a case and review of the literature [Klifto, Chase, Metzman, Kupersmit, and Allen], 30*
mammography and biopsy of nonpalpable breast lesions; a review of 71 lesions [Macksood], 432*
Plummer-Vinson syndrome; report of a case and review of the literature [Klifto, Allen, Metzman, Chase, and Kupersmit], 56*
radiographic evaluation of acoustic neuromas; comparison of high-resolution computed tomography and polytomography [Farrell], 24*
spontaneous iliac artery-inferior vena caval fistula; rare complication of ruptured abdominal aneurysm [Meyer and Allen], 52*
the use of calcium Oragrafin granules in repeat cholecystography, with supplemental ultrasonographic evaluation [Fiske and Stamper], 512*
ultrasonically guided percutaneous aspiration and drainage of intra-abdominal abscesses [Dintenfass], 34*
ultrasonographic features of primary carcinoma of the gallbladder; a diagnostic dilemma [Field, Plosker, Rohr, and Stratton], 42*
RAT
Zucker, reproductive capacity of the obese female Zucker rat; the decidual response and artificial insemination [Chelich and Edmonds], 84-RES
RECTUM
leiomyosarcoma of the rectum; report of a case [Gillon], 721*
REFLEX
viscerosomatic, a clinical research protocol for study of palpatory examination [Beal and Kelso], 69-RES
REGULATION
vs. deregulation, 840-E
REHABILITATION
crises introduction in a population of street alcoholics as a mechanism to promote detoxification and rehabilitation [Bentley and Seddon], 88-RES
RENIN
proposed mechanism for intracellular mediation of β-adrenergic induced renin release [Lyons], 172-RES
osteopathic, continued development of an animal model for osteopathic research [Krogh], 93-RES
osteopathic, how does osteopathic manipulative treatment work?, 840-E
osteopathic, in memoriam, 775-E
osteopathic, renaissance and resurgence, 16-E
osteopathic, what is science? (its definition and how it applies to osteopathic research), 280-E
RESEARCH
Entries under the heading "Research" include two groups, in order: (1) general research subject entries, alphabetical by key word; (2) abstracts from the 1983 Research Conference, alphabetical by author.
Louisa Burns Memorial Lecture: Biomechanics and osteopathic manipulative treatment [Soutas-Little], 63-RES
Proceedings of the twenty-seventh annual AOA/NOF research conference, 1983: part I [Barry and Golubow], 62-RES
Abstracts from the Twenty-Seventh Annual AOA/NOF Research Conference held March 10-12, 1983
Allin, Edgar F.: The cranium of an advanced mammal-like reptile and the evolution of skull structure, 83
Awad, Atif B., and Chattopadhyay, Jyoti P.: Alteration of heart sarcolemma lipids by dietary elaidic acid, 76
Backes, Carl R.: Home-monitoring program for infants surviving near-miss sudden infant death syndrome, 89
Backes, Carl R., and Kovalchik, Jami: Simultaneous arterial oxygen and transcutaneous oxygen monitoring in critically ill neonates, 89
Backes, Carl R., and Kovalchik, Jami: Transcutaneous measurements of carbon dioxide partial pressure in sick newborns, 86
Bailin, Gary: Conformational changes in gizzard smooth muscle myosin, 79
Banschbach, Martin, and Kramer, John: Effect of cystic fibrosis serum on human polymorphonuclear and mouse monocyte calcium uptake, 76
Banschbach, Martin, and Hilman, Bettina: Plasma prostaglandin E and F levels in patients with chronic lung disease, 82
Bass, Steven M., and Backes, Carl R.: Infantile apnea: Analysis of pneumocardiograms and their relationship to elevated triiodothyronine (T_3) in diagnosing infants at risk for sudden infant death syndrome, 66
Beal, Myron C., and Kelso, Albert F.: A clinical research protocol for study of palpatory examination, 69
Beaty, Orren, III, and Halley, Barbara J.: Arterial blood pressure control during hind and forelimb contraction, 171
Beaty, Orren, III, and Halley, Barbara J.: The reflex effects of extracellular potassium in rhythmically contracting skeletal muscle, 173
Beggs, Alvin L., Steinmetz, Joseph E., and Patterson, Michael M.: Classical condi-

tioning of a flexor nerve response to tibial nerve stimulation in spinal cats, 95
Bentley, Patrick E., and Seddon, John T., Jr.: Crises introduction in a population of street alcoholics as a mechanism to promote detoxification and rehabilitation, 88
Boyd, Russell S., and Isaak, Dale D.: Failure to detect immunosuppressive elements specific for thymus-donor strain alloantigens in tolerant allogeneic thymus gland-implanted nude mice, 170
Boyer, J.M., Zugay, J., and Holobinko, C.L.: Effects of cell-wall active antifungal agents on cutaneous Candida albicans infections, 171
Braunstein, David B., Wolfson, Paul M., Reeder, James T., Jr., Kowalewski, Janina, and Minor, Nancy: Clinically unrecognized tricuspid regurgitation detected by Doppler echocardiography, 90
Braunstein, David B., Wolfson, Paul M., Feingold, Richard J., Kowalewski, Janina, and Minor, Nancy: Quadravalvular insufficiency: An uncommon entity diagnosed by pulsed Doppler echocardiography, 85
Bundeally, Amina E.: Effect of potassium permanganate ($KMnO_4$) and acetic acid (CH_3COOH) in controlling urinary tract infections in hospitalized patients, 170
Bundeally, Amina E.: Purple urine syndrome, 169
Bundeally, Amina E.: Study of urinary tract infections in geriatric patients from three nursing homes in the Greenbrier County of West Virginia, 170
Cenedella, Richard J.: Lipoproteins of aqueous humor: Potential source of lens lipids, 78
Chelich, Alice M., and Edmonds, Elaine S.: Reproductive capacity of the obese female Zucker rat: The decidual response and artificial insemination, 84
Cleaver, L.J., and Gange, R.W.: Skin edema due to PUVA in the hairless mouse: Effects of antihistamines and indomethacin, 66
Cope, Michael K., and Dunlap, Stephanie H.: Calibration of a device for the measurement of the cranial rhythmic impulse, 69
Curry, Brian, and Van Huss, Wayne D.: Effects of voluntary activity on the ultrastructure of the rat heart, 84
D'Alonzo, G., Bower, J., Crevey, B., Popat, K., and Dantzker, D.: Gas exchange alteration during exercise in patients with pulmonary hypertension, 174
D'Alonzo, G.E., Bower, J.S., and Dantzker, D.R.: Gas exchange after pulmonary thromboembolism in humans, 173
D'Alonzo, G.E., and Grant, B.J.B.: Effects of hypoxia on the neuronal control of pulmonary blood flow, 172
DiBenedetto, F.E.: Transport of TxB_2, PGI_2, 6-keto $PGF_{1\alpha}$ and $PGF_{2\alpha}$ by tissues of the blood-ocular barrier, 173
Efrusy, Mark E., Grant, Thomas H., and Mills, Jeffrey A.: The value of ultrasound in the diagnosis of chronic pancreatitis: A prospective analysis, 87
Ekdahl, Scott S., Smith, Wiley A., and Henley, Charles E.: Health hazard appraisal in a family practice residency program, 66
Emmett-Oglesby, M.W., Lal, H., Spencer, D.G., Jr., and Elmesallamy, F.: Evidence for behavioral signs analogous to anxiety caused by withdrawal from diazepam in the rat, 177
Emmett-Oglesby, M.W., Spencer, D.G., Jr., Lal, H., and Mathis, Diane: Effect of alternate day administration of cocaine on tolerance to cocaine anorexia, 177
Ericson, Grover C.: Morphologic and histochemical characteristics of the dog respiratory diaphragm, 85
Fausel, Richard E., Malloy, Mary C., and Mulloy, Anthony L.: Insulin binding to hepatic plasma membranes in hyperammonemic rats, 174
Forman, L.J., Sonntag, W.E., Hylka, V.W., and Meites, J.: Regulation by estrogen of plasma levels of beta-endorphin in young and old female rats, 171
Friedman, M.H.F.: Role of age on patterns of exercise-induced cardiac dysrhythmia and recovery rate, 172
Glonek, Thomas, Kopp, Stephen J., Greiner, Jack V., and Pettegrew, Jay W.: Phosphorus-31 nuclear magnetic resonance of intact crystalline lens and muscle: Spectral angular dependence of signal widths, 76
Greene, Charlotte H., DeBias, Domenic A., DeBias, Dennis A., DeFeo, Patricia, and Young, Wanda: Structural and metabolic characterization of isolated mammalian ventricular myocytes, 172

Zepp, E. Andrew: Effect of experimental tumor-bearing upon plasma levels of some lipolytic hormones in the rat, 79
RESIDENCY
family practice, health hazard appraisal in a family practice residency program [Ekdahl, Smith, and Henley], 66-RES
RNA
the effects of ATP and exogenous RNA on messenger RNA transport from isolated nuclei [Yannarell], 80-RES
RETINA
retinal aging in pigmented and albino mice [Trachimowicz], 96-RES
ROTAVIRUS
rotavirus and the newborn [Marino], 619-L
ROWLAND, THOMAS M.
service beyond duty (on death of Dr. Thomas M. Rowland and Esther Bolles Starks, D.O.), 555-E

S

SALMONELLA
Salmonella liver abscess; report of a case with successful computerized tomography guided percutaneous drainage and treatment [Petersen], 496*
SARCOLEMMA
heart, alteration of heart sarcolemma lipids by dietary elaidic acid [Awad and Chattopadhyay], 76-RES
SARCOMA
osteogenic, of the breast arising in a cystosarcoma phyllodes [Sonn and Alpern], 321-CR
SCIENCE
what is science? (its definition and how it applies to osteopathic research), 280-E
SCREENING
evaluation of hospital screening for breast and female genital tract cancer [Theriault, Morgan, and McCaffrey], 780*
SELF-TOLERANCE
failure to detect immunosuppressive elements specific for thymus-donor strain alloantigens in tolerant allogeneic thymus gland-implanted nude mice [Boyd and Isaak], 170-RES
SHOULDER
injuries in the javelin thrower [Sing], 680*
SIALOSYLGALACTOSYLDIACYLGLYCEROL
isolation of sialosylgalactosyldiacylglycerol from myelin of avian brain [Pieringer], 77-RES
SITUS INVERSUS TOTALIS
with calculi in a left-sided gallbladder; report of a case [Haas, Harris, and Segal], 718*
SKIN
edema, due to PUVA in the hairless mouse; effects of antihistamines and indomethacin [Cleaver and Gange], 66-RES
thermographic study of change of skin temperature following osteopathic manipulative treatment [Kappler], 68-RES
SLEEP
osteopathic somatic dysfunction in sleep-deprived housestaff; an initial investigation [Levin], 66-RES
SLOW LORIS
substrate-associated positional behavior of the slow loris in a semi-natural habitat [Wells and Glassman], 83-RES
SMOKING
what does it take? (on 20th anniversary of the U.S. Surgeon General's Report of Smoking), 474-E
SOMATIC DYSFUNCTION
biomechanical measurements of changes in cervical muscle function following osteo-

pathic manipulative treatment [Johnston and Vorro], 68-RES
myofascial function and pain, 114-E
osteopathic somatic dysfunction in sleep-deprived housestaff; an initial investigation [Levin], 66-RES
quantitation of segmentally related peripheral effects of manipulation on somatic dysfunction in vertebral areas [Heilig, Greene, and Arbizo], 69-RES
the use of postexercise muscle soreness in the study of somatic dysfunction [Howell and Chila], 68-RES
SOMATIZATION DISORDER
See Briquet's Syndrome
SPINAL CONDITIONING
classical conditioning of a flexor nerve response to tibial nerve stimulation in spinal cats [Beggs, Steinmetz, and Patterson], 95-RES
SPINAL CORD
maturation increases the number of motor neurons only for those muscles which change fiber type composition [Martin and Buskirk], 95-RES
transplantation of embryonic neural tissue into the hemisected spinal cord [Hallas], 97-RES
SPINE
fixation, long-term and short-term temporal aspects of spinal fixation [Steinmetz, Beggs, Molea, and Patterson], 94-RES
spinal epidural abscess caused by Streptococcus MG intermedius with complicating leptomeningitis; report of case [Pawlak, Learner, Kurtz, and Blackburn], 589*
SPORTS MEDICINE
shoulder injuries in the javelin thrower [Sing], 680*
STARKES, ESTHER BOLLES
service beyond duty (on death of Dr. Thomas M. Rowland and Esther Bolles Starks, D.O.), 555-E
STEPPED-CARE REGIMEN
1984 report of the Joint National Committee on Detection, Evaluation and Treatment of High Blood Pressure, 642*
STOMACH
leiomyoblastoma of the stomach; report of a case and review of the literature [Klifto, Chase, Metzman, Kupersmit, and Allen], 30*
STRAIGHT BACK SYNDROME
report of a case [Gordon and Cox], 317*
STREPTOCOCCUS MG INTERMEDIUS
spinal epidural abscess caused by Streptococcus MG intermedius with complicating leptomeningitis; report of a case [Pawlak, Learner, Kurtz, and Blackburn], 589*
STRESS
the effects of manipulation (designed to mimic OMT) on small mammals [Mock and Hepler], 73-RES
SUDDEN INFANT DEATH SYNDROME
home-monitoring program for infants surviving near-miss sudden infant death syndrome [Backes], 89-RES
infantile apnea; analysis of pneumocardiograms and their relationship to elevated triiodothyronine (T_3) in diagnosing infants at risk for sudden infant death syndrome [Bass and Backes], 66-RES
SURGERY
a surgical method for inducing chronic vertebral misalignment [Misantone, Cipolla, Prendergast, England, Sassler, and Viscusi], 82-RES
development of an abdominal wall sphincter for the continent ileostomy [Bergman, Stallings, Murphy, Pandeya, and Doran], 400*
vascular, limb salvage and the dorsalis pedis artery; report of a case [Bates], 143*

T

TEMPOROMANDIBULAR JOINT SYNDROME
the role of the proprioceptive component of the fifth nerve in temporomandibular joint syndrome [Retzlaff, Mitchell, Hussar, and Walsh], 74-RES
TERMINOLOGY
osteopathic, a medical tower of Babel (need for simplifying and refining osteopathic terminology), 344-E
TESTES
traumatic rupture of the testicle; report of two cases and review of the literature [Dencklau], 509*
THERAPY
music, a hypothetical study of the benefits of blowing a wind instrument [Hoefner], 72-RES
nutritional, techniques in nutritional assessment [Liszewski, Meoli, and Nutinsky], 493*
THERMOGRAPHY
thermographic study of change of skin temperature following osteopathic manipulative treatment [Kappler], 68-RES
THOMAS L. NORTHUP LECTURE
Thomas L. Northup Lecture—1983 American Academy of Osteopathy; AAO—yesterday, today and tomorrow [Goodridge], 593*
THORAX
straight back syndrome; report of a case [Gordon and Cox], 317*
THROMBOEMBOLISM
eicosanoids and venous thromboembolism [Fitzpatrick, Giudice, Papa, and Freed], 301*
pulmonary, gas exchange after pulmonary thromboembolism in humans [D'Alonzo, Bower, and Dantzker], 173-RES
THROMBOLYSIS
the evolution of thrombolytic therapy in acute myocardial infarction; a review [Hastings, Pickering, and Stoever], 405*
THROMBOSIS
immediate postoperative thrombosis of the umbilical vein treated by low-dose streptokinase infusion; report of a case [Kingsbury], 312*
THYMUS
failure to detect immunosuppressive elements specific for thymus-donor strain alloantigens in tolerant allogeneic thymus gland-implanted nude mice [Boyd and Isaak], 170-RES
THYROID DISEASE
differential diagnosis of ptosis; report of a case of myasthenia gravis in a patient with diabetes and thyroid disease [Norman], 523-CR
TISSUE
embryonic, neural, transplantation of embryonic neural tissue into the hemisected spinal cord [Hallas], 97-RES
TOLBUTAMIDE
effect of tolbutamide and disulfiram on canine liver cytosolic aldehyde dehydrogenase activity [Kilmore and Sanny], 178-RES
TOXICITY
pyridoxine toxicity; report of a case [Vasile, Goldberg, and Kornberg], 790*
TRANSCUTANEOUS CO_2 MONITORING
transcutaneous measurements of carbon dioxide partial pressure in sick newborns [Backes and Kovalchik], 86-RES
TRANSCUTANEOUS OXYGEN MONITORING
simultaneous arterial oxygen and transcutaneous oxygen monitoring in critically ill neonates [Backes and Kovalchik], 89-RES
TRANSCUTANEOUS OXYGEN TENSION MEASUREMENT
transcutaneous oxygen measurement as a noninvasive indicator of level of tissue healing in patients with peripheral vascular disease and projected amputations [Benscoter, Gerber, and Friedberg], 560*
TRANSPLANTATION
of embryonic neural tissue into the hemisected spinal cord [Hallas], 97-RES
TRAUMA
traumatic rupture of the testicle; report of two cases and review of the literature [Dencklau], 509*
TREVOR'S DISEASE
Trevor's disease of the carpal navicular bone; report of a case [Doyle and Downey], 793*
TRICUSPID VALVE
regurgitation, clinically unrecognized tricuspid regurgitation detected by Doppler echocardiography [Braunstein, Wolfson, Reeder, Kowalewski, and Minor], 90-RES
TUMORS
See also under Carcinoma and specific names of tumors
intracranial ganglioglioma; report of a case [Kanoff], 146*
leiomyoblastoma of the stomach; report of a case and review of the literature [Klifto, Chase, Metzman, Kupersmit, and Allen], 30*
sclerosing stromal tumor of the ovary; report of a case [Gordon and Slotnick], 163-CR
Trevor's disease of the carpal navicular bone; report of a case [Doyle and Downey], 793*
TURBULENT FLOW
clinically unrecognized tricuspid regurgitation detected by Doppler echocardiography [Braunstein, Wolfson, Reeder, Kowalewski, and Minor], 90-RES
quadravalvular insufficiency; an uncommon entity diagnosed by pulsed Doppler echocardiography [Braunstein, Wolfson, Feingold, Kowalewski, and Minor], 85-RES

U

ULCER
gastric, gastrocolic fistula secondary to benign gastric ulcer; report of a case and review of the literature [Rosenthal and Metzman], 60-CR
ULTRASONOGRAPHY
the use of calcium Oragrafin granules in repeat cholecystography, with supplemental ultrasonographic evaluation [Fiske and Stamper], 512*
ULTRASOUND
dilated urinary bladders simulating abdominal masses; diagnosis with ultrasound [Edell and Evers], 21*
the value of ultrasound in the diagnosis of chronic pancreatitis; a prospective analysis [Efrusy, Grant, and Mills], 87-RES
ultrasonically guided percutaneous aspiration and drainage of intra-abdominal abscesses [Dintenfass], 34*
ultrasonographic features of primary carcinoma of the gallbladder; a diagnostic dilemma [Field, Plosker, Rohr, and Stratton], 42*
URETER
response of ureteral activity to changes in intravesical pressure [Theobald], 178-RES
URINARY TRACT
infections, study of urinary tract infections in geriatric patients from three nursing homes in the Greenbrier County of West Virginia [Bundeally], 170-RES
UROLOGY
complete diagnostic evaluation and classification of the impotent male [Macksood and James], 158*

responses of metastatic prostatic carcinoma to endocrine therapy; report of a case [Athens and Grimaldi], 307*
UTILIZATION REVIEW
clinical pharmacy impact on an aminoglycoside utilization review program [Kuehl, Blais, Zakhireh, and Palmer], 175-RES

V

VALVE
mitral, parathyroid carcinoma with massive parathyroid hormone production and severe mitral incompetence; report of a case with review of the literature [Menkes, Modglin, and Rosenblum], 852*
VALVULAR INSUFFICIENCY
quadravalvular insufficiency; an uncommon entity diagnosed by pulsed Doppler echocardiography [Braunstein, Wolfson, Feingold, Kowalewski, and Minor], 85-RES
VARIANT ANGINA
See Angina, variant
VARIANTS
anatomic, S-T segment, S-T segment variants in young, adult, black women [Kornberg], 125*
VASCULAR DISEASE
peripheral, transcutaneous oxygen measurement as a noninvasive indicator of level of tissue healing in patients with peripheral vascular disease and projected amputations [Benscoter, Gerber, and Friedberg], 560*
VASOPRESSIN
DDAVP modified-water deprivation test in diagnosis of diabetes insipidus in a vasopressin-sensitive patient [Warner, Trautlein, Caputo, and Manni], 857*
VASOSPASM
coronary artery, nifedipine in the treatment of coronary artery spasm [Wolfson, Elbaum, Hoff, Haspel, Smith, Braunstein, Litchfield, Sallen, and Siegel], 167-RES
VECTORCARDIOGRAPHY
identification of myocardial infarction in the presence of left bundle-branch block; correlation of electrocardiography, vector cardiography, and angiography [Weiner, Makam, and Gooch], 119*
VEIN
subclavian, central venous catheterization; a modification of the infraclavicular approach to the subclavian vein [Wehmann], 370*
umbilical, immediate postoperative thrombosis of the umbilical vein treated by low-dose streptokinase infusion; report of a case [Kingsbury], 312*
VENOM
bee, effect of bee venom pretreatment on adjuvant-induced arthritis in the rat [Schutte and Modrzakowski], 168-RES
VENTRICLE
structural and metabolic characterization of isolated mammalian ventricular myocytes [Greene, DeBias, DeBias, DeFeo, and Young], 172-RES
VERTEBRA
misalignment, a surgical method for inducing chronic vertebral misalignment [Misantone, Cipolla, Prendergast, England, Sassler, and Viscusi], 82-RES
pyogenic osteomyelitis of the vertebral body [Sutton], 724*
VIRUS
mink cell focus-forming virus expression in Friend murine leukemia virus-infected mice [Marx and Isaak], 170-RES
VISCEROSOMATIC REFLEX
a clinical research protocol for study of palpatory examination [Beal and Kelso], 69-RES
VITAMIN A
vitamin A and E supplementation in polychlorinated biphenyl intoxicated rats [Phillips, Barnes, and Pacheco], 76-RES
VITAMIN B_6
pyridoxine toxicity; report of a case [Vasile, Goldberg, and Kornberg], 790*
VITAMIN E
vitamin A and E supplementation in polychlorinated biphenyl intoxicated rats [Phillips, Barnes, and Pacheco], 76-RES

W

WOUND HEALING
transcutaneous oxygen measurement as a noninvasive indicator of level of tissue healing in patients with peripheral vascular disease and projected amputations [Benscoter, Gerber, and Friedberg], 560*

X

X-RAYS
improvement of gastric mucosal detail in the double-contrast upper gastrointestinal examination utilizing low-dose glucagon [Stoecker and Foy], 660*

Y

YEARBOOK AND DIRECTORY OF OSTEOPATHIC PHYSICIANS AND SURGEONS
growth (of profession as evidenced by number of physicians listed in AOA directory), 345-E

Z

ZUCKER RAT
reproductive capacity of the obese female Zucker rat; the decidual response and artificial insemination [Chelich and Edmonds], 84-RES
